It was late, the sun had sunken towards the horizon turning the sky in mix of deep red, touched by a blue sky fading in to darkness. Birds still sang their songs, insects and frogs joined their singing in harmony. It had been a beautiful day, a crystal clear sky with a mild breeze that made the heat endurable during the day. But nothing of the nature got noticed by a young man inside the house.

Inside the house the young man was sitting on his knees on the floor working on something within a white circle. All the curtains were closed, windows and doors locked and there was a candle burning, a ceiling or wall lamp turned on. In the background only the humming of the air conditioning unit could be heard along with the protesting sound a piece of chalk made every now and then as it got pushed over the floor. Around the young man furniture pieces were pushed out of the way or stacked on top of one another creating a lot of room around him and the floor.

The young man was in his late twenties of age, had an average height and build. Unshaven look and his dark brown hair looked like he just came out of bed. He wore a white t-shirt with a tie printed on it and a pair of boxers.

Next to him lay a few pieces of paper scattered about with strange symbols and markings on it, best to be scribed as runes or ancient script of some kind. The young man was completely lost with his work, that he did not even notice the sound of a car door being closed.

With a lot of noise and protest from the front door, it got opened followed by high heel clicking in rapid pace and an energetic female voice sounded, "*Scott! I've got it!*"

A young female entered the house carrying two plastic bags in one hand and a set of keys in the other. She threw the keys on to the table in the hallway and continued walking towards the living room.

Scott, who got interrupted, looked up and turned to face the hallway.

Around the corner she came walking. She was in her early twenties, wore high heels, had a pair of good looking legs followed by a nice pair of wide hips squeezed in to a tight shorts. A small frame and a beautiful bellybutton showing and above that she wore a white blouse, put in a knot as a top and through the blouse the outlines of a dark lingerie top could be seen. Her breasts weren't really small, or any thing, she could fill a B or C cup easily, but with those wide hips and round ass, you would expect to see a bit more up top.

She set down one plastic bag and took out 5 wooden bowls from the other.

Scott got up from the floor and walked to his girl friend Joanna and hugged her.

"To night is the night, that we will find out if it works or not" he whispered in her ear. Joanna kissed him and held the hug for several moments before wiggling free.

"I've gotten all your missing items and some things for my self" she giggled. She knelt next to the plastic bag and put down the 5 wooden bowls she was still holding and started taking things out of the bag. She took out a small paper bag and put it on the ground, *"Your dirt, I mean your Element Earth"* she spoke with a mocking mystical voice. Next she put down a water bottle *"Filled with mountain water"*, followed by a bag full of candles and a knife, *"Candles and a silver knife"* she finished.

"Now..." Scott started, *"what is this thing you bought for your self"*. *"I thought you'd never ask"* Joanna giggled and walked over to the other bag she had put down.

"For to night, no matter if it works or not, I thought, I should wear some thing more sexy" Joanna took a white lingerie set from the bag and pleasingly showed it to Scott. *"Do you like it"* Joanna asked?

"You know I'm no good at judging lingerie with out it being worn by a beautiful woman" Scott returned with a grinning smile. *"Oh your such a tease!"* Joanna shot back and punched him I the shoulder. As Joanna stood up and walk towards the stairs to go to the bedroom, *"Just so you know, I used your credit card to buy it"* she said.

"What!?... " ... *"Why? Whats wrong with yours this time?"* Scott replied puzzled. *"Oh for no reason, except that you left yours unguarded next to the PC"* Joanna joyfully answered. As Joanna climbed the open staircase she paused, *"Oh and I bought the top several times"* and continued climbing the stairs.

"Bought the top several times?" Scott said to him self before replying back *"Why!"* But no answer came.

Scott returned to his drawings and the needed items.

* * * *

Later that night

Scott and Joanna were standing next to one another looking down upon Scott's hard work. Joanna was wearing her new white lingerie set and over that she wore a sexy gown that hardly covered any thing as you could see right through the thin material. Jeff still stood in his boxers and his t-shirt.

A pentagram was drawn on the ground and on each corner stood a wooden bowl. One held some earth in it, the other had a candle burning in it, one filled with water and two empty bowls.

"That one" Scott pointed towards one of the empty wooden bowls *"is filled with air"* Joanna let out a little giggle. *"This one over here, we need to fill with our spirit"* Scott continued and he held up the silver knife in his hand. Joanna's face clearly read that this didn't like the part that was coming next.

Scott led Joanna in to the center of the pentagram and guided her to kneel down and did the same in front of her. Both were kneeling in front of each other in the center of the pentagram.

Scott took Joanna's right hand in his left and lay her hand on his hips. In his right hand he held the silver knife and passed it on to his left hand and placed the knife against both her index finger and his own.

"When I cut, I'll guide our hands above the spirit bowl and have drops of blood fall in to it" Scott spoke. Joanna nodded as she closed her eyes as she tried to get her mind focusing on the chant she had memorized. *"Scott"* Joanna spoke. *"Yes?"* Scott answered.

Joanna opened her eye, *"Make it a small cut"* she said with a pleading voice.

"I'll do my best" Scott said. *"I love you"* Joanna said while she closed her eyes again.

"I love you too" Scott replied as he made the cut in their fingers with the silver knife. Joanna's hand twitched in reflex of the sharp pain, but Scott firmly held it in place and maneuvered it above the bowl.

Scott tossed the knife out aside of the circle and took Joanna's other hand and started to chant that got joined by Joanna. As the chanted drops of blood started dripping down in to the wooden spirit bowl.

For well over 20 minutes the two chanted with out any sense of time.

Scott was the first to break out of the chant and sat there kneeling in front of Joanna trying to regain his senses. He explored his surroundings and nothing had changed, no mystical aura or some thing that would reveal any thing out of the ordinary.

Joanna also stopped chanting and saw the expression of failure all written on Scott's face as he looked back at her. Joanna looked at her finger that was stained in dried up blood and saw the wooden bowl that was quite full of their blood. Scott could see the tear forming in her eyes as she started to weep.

Scott embraced her in to his arms and allowed her to get out her emotions of yet another failed attempt.

As easy as the weeping tears of Joanna came, she also went and changed over in kisses. Joanna started kissing Scott in the neck and slowly kissed her way toward his lips.

When their lips connected the both launched in to a crazed kissing frenzy.
Heavy french-kissing tongs circling one another between gaps for breaths of air.
Joanna was the dominating one and pushed and guided Scott on to his back.

Hands holding each others heads, firmly pressing lips against one another, while the other free hands were exploring the bodies undressing a t-shirt and a sexy gown.

The kissing got interrupted briefly as a t-shirt got pulled off and a gown got tossed aside.
Two hands worked in union to remove the boxers. With the boxers half way his knee's Joanna too her position on top of Scott pushed aside her slip sat down in his crouch and maneuvered a pulsing cock in to her tunnel of love.

* * * *

While the two were moaning and making love to one another, they were unaware that they kicked over the bowl of blood that spilled in to the pentagram. Around them outside the pentagram a deep dark red mist started to arise. Soft electrical sparks sounded paired with flashes of light.
The sparks intensified and sounded louder and louder and the flashes became brighter and brighter.

This caught the attention of the loving couple as they abruptly halted and froze in movement.
As they took notice of the red mist swirling around them and electrical sparks flying and the mystical unexplainable things happening around them. Both were frightened, yet mixed with joy of some form of success.

The electrical sparks suddenly boomed louder and struck a single spot on the floor over and over again. It turned black and a red glow could be seen where it struck.
The black area became bigger and bigger as well as the glowing center spot that started to dominate. Suddenly a pair of hands emerged from the center area.
They were long slim hands of purple color, with deep purple long finger nails. They grabbed hold of the black edge slowly but steadily on more came rose from the red glow, a beautiful female face, also purple with glowing reddish eyes and glistening purple lips, followed by a slim body that was fully naked, with the exception of a few jewelry pieces.

Frozen in place by shock and fear and unexplainable emotion Scott and Joanna simply set on top of one another as a purple female humanoid rose and climbed out of the red area.

"Now that is what I call a warm welcome" The female humanoid spoke in a sexy manner.

The slim purple female humanoid licked her fingers and with her wet fingers rubbed it over her left nipple.

Joanna was the first to snap out of it and pull herself off of Scott. Scott followed by grabbing his boxers and pulling them up trying to hide his hard erect cock. The two stayed within the pentagram as there was still red mist around them and electrical sparks happening in it. They grabbed hold of one another embracing each other as the female humanoid walked around them in circles.

"What are you?" Joanna was the first to speak.

"What am I?" She started, *"You're the ones who summoned me!"*

“Your the lady of desire” Scott putt in, *“or at least that who we tried to summon!”*

“Congratulations you have succeeded” Lady desire answered and started laughing.

Joanna and Scott looked at one an other, joyfully hugged one an other in celebration.

More at easy now, Joanna was the first to ask *“So does this mean my desire for bigger breasts can come true now?”*

Lady desire looked puzzled for a moment, *"But that isn't your deepest desire my dear, now is it..."* Joanna now in turn looked puzzled as did Scott

"It seems the two of you are not fully aware of what I will do for you" lady desire spoke *"I'm here to fulfill only one desire for each one of you"* she lay her hands on both their shoulders and continued to speak as she stood close near them *"that one desire, is the one you have longed for so long, its your deepest desire. Even if it be just a fantasy in your dreams"* she stepped in closer moving her hands in between them pushing them apart from one another and pushed her self between them. She stood bare breasted against Joanna her breasts and with her buttock against a swollen member in boxers from Scott.

Lady desire put both hands on Joanna her shoulder and kissed her. Joanna didn't resist and returned the kiss. Scott stood and watched and wasn't sure why he didn't take any action but simply stood there.

"Joanne" Lady desire purred in to her ear. *"What is your deepest desire"* as her hands followed the curves of Joanna her body. *"Bigger breasts"* Joanna moaned back in reply as she moved one hand to her pussy. *"No, that's only one of them, you have a deeper darker desire"* Lady desire spoke, as she placed her hand on top of one of Joanna her breasts and gently squeezed it.

Joanna moaned deeply *"Mmmhe..."* ... *"I only desire bigger breasts"* Joanna stubbornly held on to one of her desires. Lady desire smiled and continued massaging her breasts and brushing over her curves with the other hand. *"Don't you desire a improved Scott?"* Lady desire questioned

Scott still just stood there, with his beating cock slowly climbing out of his boxer against the firm purple ass of Lady desire, a bit taken by what lady desire just said and wondering what this desire might be Joanna has of him.

"I know you desire a bigger and better Scott" Lady desire pushed, Joanna only moaned *"Mmmhhh"* as her breast got massaged and her own pussy playing was turning her on. *"And what part of Scott do you wish to be bigger and better"* Lady desire continued as she brought her hand back to Joanna her other breast and started massaging it as well.

Joanna became weak in the legs as she was getting more and more aroused and sank through her knees to lay on the ground. Lady desire followed kneeling over her kissing Joanna while massaging her breasts.

Scott grabbed his own cock and started to squeeze it trying to fight the pleasure he was receiving as he was looking down Joanna and Lady desire who was showing firm ass and a dripping pussy of her own.

"Cock!" Joanna moaned out suddenly, *"What was that my dear"* Lady desire asked teasingly *"A bigger cock!"* Joanna said again. *"You desire Scott's cock to be bigger"* lady desire teasingly replied on. *"Yes! Yes!"* Joanna moaned on as she was slowly worked towards climax.

Scott didn't object to the idea of Joanna wanting him with a bigger cock. He wasn't small or anything and a bit above average in size of 6" in length. But Joanna did have rubber toys she would occasionally use that were nearly twice the size he had to offer.

"How much bigger" Lady desire kept on pushing, *"Bigger!"* was the only thing Joanna managed to reply. As Joanna replied Bigger, Scott felt his member grow within his hands. *"Oh my god"* Scott said out loud.

Joanna looked over Lady desire and could see Scott his member growing with in his own hands. *"How much bigger"* Lady desire asked again speeding up the breast stimulation. Between heavy breaths of air Joanna managed to say *"Much bigger!"* as she had her own eye firmly locked on the continuing growing member of Scott.

With every pulse Scott's Cock seem to grow bigger, like an erection growing bigger. Slowly his gripping hand got opened up further and further as his member increased both in thickness and length.

With great pleasure Joanna saw how Scott's member grew in size towards the dimensions of one of her sex toy's. Lady desire turned to face Scott and smiled at the sight of hisgrowing member, *"How much bigger"* she asked again. And Joanna was quick to reply *"Much bigger!"*

With great pleasure Scott witnessed how his member grew to what he believe would match the rubber sex toy. His cock looked like it would easily be at least twice its original size, well over 10" in length. But it simply didn't stop their. His pulsing cock kept on going bigger and bigger.

"How much!" Lady desire called out to Joanna who was almost completely taken in her sexual trance of reaching climax. *"How much!"* lady desire called out again only much louder. *"Bigger!"* ... *"Bigger! Bigger! Biggggeerrrr!!!"* responded Joanna lost in pleasure.

The pleasure of seeing his cock out grow the sex toy, vanished as he felt an uncomfortable feeling in his boxers. His balls where fighting for more room and pressing against his own skin. Quickly he pulled down his boxers and let them fall down as he was shocked at the sheer size his balls where. His cocks easily doubled in size by now and so have his balls. *"My god!"* Scott let out *"This is freaking big"* his balls hanging freely below his massive member being almost the size of golf balls

"How Much!" Lady desire called out again next to her ear of Joanna
"Joanna!" Scott spoke with a worried voice
"How much bigger Joanna!" Lady desire whispered in to her ear.
Between heavy breaths and going in to climax sensation Joanna managed to scream out *"Pussy filling big!"* before loosing her self in overwhelming pleasure.

The moment Joanna screamed out pussy filling big, Scott could swear he skipped several hart beats. With in his hands I felt his member increasing in growth and it became more and more thicker. Scots hand was being spread open more to the size of holding a beer can, but that lasted only briefly as it continued to grow thicker and thicker.
"This is insane!" Scott said out loud as he watch how his cock just kept on growing thicker and thicker.

Lady desire moved away from Joanna who was recovering from here climax and still some where floating between heaven and earth, she turned to face Scott and moved her hands in a grabbing motion towards Scott's monstrous cock but didn't touch it and moved her hands along the his shaft upwards to the end.

Scott could see and feel that his cock had stopped growing thicker. With two hands he moved it up and down along its thick and long shaft. *"Its like holding a wine bottle in my hands"* he said
"A long One, with a very big cork on top of it" Lady desire added with a cheerfully laughter.

Scott leaned to the side a bit to see that his ones golf ball sized balls also continued to grow as well. With one hand he measured the size and he guessed the where the side of big oranges or grapefruits.

Scott side stepped passed Lady desire and knelled down over Joanna and took her in to her arms. *"You dirty minded girl of mine"* Scott whispered in to her ears, *"I'm sorry"* Joanna replied as tears ran down her cheeks. *"I know you are"* Scott replied as he kissed her.

"Now then" Lady desire spoke, *"Now for your desire"*. Scott looked up to see the smiling face of Lady desire, even tho it looked pretty and pleasing, he could swear it was nothing more then an wicked evil grin.

"I've no desires" he shot back and turned back to Joanna and with is free hand brushed away a few more tears from her face.

"Oh yes you do" Lady desires voice teasingly replied. *"Its that one desire, you have been dreaming about, night and day"* she continued to push on. Scott continued ignoring her, brushed his hand through Joanna her hair.

Lady desire danced around the couple in and out of the red mist laughing with a pleasing musical voice. After having danced around them for several rounds, Lady desire landed on her knees next to Joanna. *"Should I give a hint"* she asked teasingly as moved her face close to Joann's and Scott's. She spun around and danced around them to sit down next to Scott. Her hands followed the curves of his huge erection, but she never touched it. A wave of pleasure went through Scott's new big manhood.

Lady desire jumped back on her feet and continued her dance around them *"It starts with a Beee!"* Lady desire vocally sang, as she danced around the couple again, she suddenly jumped up in the air to land with both her legs firmly pressed against each other and hands spread wide out and looking upwards head tilled back, *"And it end with a Teeeeeee"* she sang as her hands slowly moved from spread out, to inward to end up grabbing her own breasts. The second Lady desire touched her own breasts, she spun back in to her dance.

Joanna looked as Scott, knowing what he might desire her to have. Scott could tell in her eye's she wanted her bigger breasts. Lady desire her face suddenly swooped near there own as she was now leaning over them sharing their breathing space. *"I know what you want"* lady desire said looking at Joanna *"And I know what you want"* as she turned to face Scott, who felt him self getting more and more aroused.

Lady desire took Joanna her hand and pulled her on to her feet and spun her around to face Scott. She had her own breasts pressed against Joanna her back. With her left hand hand wrapped around Joanna she was massaging her right breast, and with her right hand she placed it on Joanna her belly as she pressed her lower body firmly against Joanna her bottom.

Joanna let out a moan as the hand on her belly slowly moved its way down towards her pleasure zone. *"You want them bigger, don't you"* Lady desire said looking at Scott, *"Yes!"* moaned Joanna as she closed her eyes and gave in to the pleasure. *"Much Bigger!"* Lady desire said again still looking at Scott, *"Yes!"* followed Joanna

Scott watched as how Lady desire was playing with Joanna her breasts, until he suddenly noticed that they where growing.

Joanna moaned with pleasure hardly noticing the growth in her breasts, she was to much taken in her sexual trance of pleasure assisting with her own hands playing with her own pussy.

"You desire Big, full and meaty breasts" Lady desire continued as the single breasts she was massaging in one hand was slowly becoming more than a hand full in size.

Scott's heart started to beat faster as he got more and more turned on, by what his eye's were seeing. Joanna he breasts where growing slowly, slowly growing bigger and bigger.

"Yes... Big and full!" Joanna moaned, while she was still not fully aware that they where actually growing.

Scott grabbed hold of his cock as he started to please him self, while watching Joanna her breasts grow into bigger, fuller and more meaty breasts that now easily could rival a pair of large grapefruits, compared to the pear sized breast she used to have.

While Lady desire was still stimulating one breast the other one hung freely displaying how it slowly but steady on grew downwards covering more and more over her upper chest.

Like a water balloon slowly filled with water and in the grasp of gravity as it grew on, being pulled down and filling fuller, outwards and sideways.

Joanna moved one of her hands from her pussy towards her free breasts, as she did, her hand bumped in to the lower side of her breast, at first unsure what to make of it, her hand took hold of a much large, fuller and more meaty breast then she was expecting to find. As she squeezed her own breasts, she opened her eye and looked down to see what was out of place. *"Oh yes! ... Ehmmmm... Yes!"* A pleasing and moaning Joanna said as she now fully realized that her breast where bigger and continued to grow bigger. *"More!"* Joanna pleaded in a moan, *"More!"*

"But it isn't just bigger breasts that you desire" Lady desire said to Scott as she lifted the one breast she was massaging and let it fall. The motion of a bouncing breasts caused Joanna to moan with pleasure, that got joined by a Scott's.

"Its the growing bigger, that you desire, isn't it Scott?" Lady desire question Scott. As much as he did and didn't want to, he replied *"Yes!"* giving in to his own desire.

"Breast growing full and large" Lady desire continued, *"Yes, growing"* Scott weakly replied as he started to increase his own cock fondling hand action.

"And what more do you desire of those breasts besides big and full" Lady desire pressed on, but Scott didn't reply as his gaze was firmly fixed on Joanna her breasts that easily matched the size of honeydew melons now.

Lady desire lifted Joanne her breast again and let it fall, several times over seeing how Scott eye's never blinked once as he followed the bouncing motion of Joanna her breast.

"What more do you desire of those breasts" lady desire continued asking while she started to pinch and tug on Joanna her nipple. *"Hmmm"* Joanna moaned in response.

Lady desire released Joanna from her hold and Joanna lowered her self to the ground feeling weak in her legs. Joanna was looking down towards the grounds and saw how her breast hung down almost level with her elbows, she looked up and smiled at Scott

Scott watched as Joanna her breast grew on and on, growing fuller and larger in to very large honeydew melons that weren't far of in size with Joanna her own head. The hung covering the upper half of her chest and rib case.

“You desire them to grow bigger, because they make...” Lady desire started to say, but got cut of my Scott who ended her sentence with *“Milk!”* Lady desire smiled upon hearing that answer. Joanna her nipples puffed outwards a bit and here areola turned darker all of the sudden.

"How much?" Lady desire continued to ask, but Scott wasn't listening as he witnessed how Joanna was pinching and pulling on one of her own nipples, this caused it to spray and drip out some milk.

"How much milk?" Lady desire asked again, but not much was picked up by Scott, he didn't dare to blink to miss a split second of nipple and milk action he was looking at. Joanna, was moaning and breathing heavily and became weak in her arms as she slowly climbed to wards her climax.

Lady lowered her self down to sit right behind Joanna, allowing her to lean against her. Ones seated lady desire joined the nipple play, Lady desire spoke again only much loader *"Scott! How much milk!?"*, Scott briefly shaken out of trance, replied with only desire and lust *"A lot of Milk!"*

Joanna her breasts growth suddenly increased, her oversize honeydew melons, yet still shaped like a a hanging water balloon, resting on her chest, started to grow faster, the slow water stream filling them, turned in to a more moderate steam of water entering them.

Scott watched how Joanna her breasts continued to grow bigger, shadowing over her belly, slowly creeping downwards towards her belly button, casting a bigger and bigger shadow as her breasts expanded outwards and sideways causing her breasts to start pressing against one an other creating a deep cleavage.

"Oh my god!" Scott moaned as he started to increase the stroking motion of his own cock. *"You desire a lot of milk, don't you"* Lady desire pushed on, *"Yes"* Scott managed to say between heavy breathing and increasing his own pleasing pace even more. *"How much"* Lady desire asked again, but Scott didn't answer. *"One glass or two glasses of milk?"* Lady desire continued stimulating Scott to answer. Lady desire pushed on, *"Pints maybe, two Pints or three?"* but Scott didn't answer. *"A whole gallon then?"* Lady desire asked and Scott his desire responded *"Gallons!"*

With that reply, Joanna her breasts quivered as growth increased even more. Her breasts had roughly reached the size of water a melon but where rapidly increasing and filling up. Joanna her moaning increased along with it, faster between breaths of air, nearing her climax

"How many gallons?" Lady desire asked, but Scott was ones again mesmerized by the site of growing breasts. The bottom of Joanna her breasts where almost level with her belly button and he could see them slowly grow to becoming level and slowly onwards.

Joanna her breasts where pressing firmly against one an other, as the kept on growing. The seem to grow even faster sideways now that they where pressing against each other, growing to match her wide hips.

"How many gallons Scott?" Lady desire asked again, but Scott was lost in his own pleasure, what felt like seconds away from climax.

"How Much!" Lady desire screamed *"Like a dairy cow!"* Scott replied as he reached his climax. Pleasure overwhelming him, as a spray of gooey white shot out, very likely hitting the ceiling. As the overwhelming pleasure faded, he started down at his big fat cock that was still fully erect and didn't showed any signs of turning soft any time soon. He could feel sperm dribble down his shaft and could hear it dripping on the ground.

Slowly his focus shifted and he could hear quick short moans with fast breathing being taken by Joanna as she was taken by pleasure her self. Scott eye staring in shock how fast her breast where growing, *"what have I done"* Scott said to him self.

Joanna her breasts were well grown past the size of basketballs, her still balloon shaped breasts, were filling up, like multiple water tap fully opened, streaming water rushing in, filling them up, fuller and fuller. Scott could see that her belly button was no longer visible and with each passing second they grew close towards her lap. Multiple streams of milk were spraying out of her now thumb sized nipple that she was playing with, thick veins became visible just outside her areola.

"I'm so sorry" Scott said again, while he watched how Joanna her breasts started to make skin contact with her upper legs, slowly growing in to her lap.

Joanna was fully lost in her ongoing climax, lost in overwhelming pleasure that just didn't seem to end. She hardly noticed anything, she didn't even care, for everything felt so good. On grew her breasts, resting more and more in her own lap.

Lady desire started laughing, as she pushed Joanna slightly forwards to stand up, which caused her breasts to fully spill over her own legs completely covering a good portion of her upper legs. The stream of milk intensified as the pressure briefly got increased and then fell back again. She walked passed the sitting Joanna who was slowly coming out of her pleasure trance.

"You both have what you desire" Lady desire said to Scott and Joanna, but Joanna wasn't fully back on earth yet. "Joanna has her dream cock, her play toy, she dreams of having sex with almost every night" Lady desire spoke as she walked around Scott "and you Scott" Warm hands were placed on him, brushing gently towards his chest. Lady desire pushed her breasts firmly against Scott's back. She whispered in to his ear "you have yourself a woman whose breasts can grow a great deal in size by filling up with almost 3 gallons of milks, like a dairy cow" Lady desire kissed Scott in the neck and moved away.

"Oh my god" were the first words Joanna managed to say, "Oh my god" she repeated to herself again as she explored the dimensions of a single breast with both hands. "How am I supposed to move these things!" Joanna screamed at Lady desire.

Lady desire only returned a smiling face towards Joanna. "This is not what I wanted!" Joanna yelled at Lady desire, her eye shot red with tears running down her cheeks. "Your correct" Lady desire replied and walked closely passed Scott and wrapped herself around him again from behind. She grabbed hold of his monstrous cock and shook it around "This is what you desired", Scott pushed her hands away from his cock and spun around.

But Lady desire was quick on her feet and danced around back towards Joanna and set down beside her. "Those enormous things" Lady desire started and lay a hand on top of her left breast and gently brushed her away towards Joanna her thumb thick nipple "Those things are your breasts my dear and..." She looked Joanna in her eyes and then turned to face Scott "And those are his doing, his dream, his fantasy, his desire"

"I'm Sorry Joanna" Scott started with a bit of a quiver in his voice. "This isn't what I would have wished for, this isn't what I desired!"

Lady desire spun back on her feet and grabbed hold of Joanna her hand and gave a gentle pull and a gesture to stand up. "How!" Joanna said in return "I'm never able to lift these things". Lady desire laughed and gave Joanna another pull on her hand, "Have you tired my dear?"

Joanna wiggled her feet free from underneath her breasts and made an attempt to stand.

Scott rushed forward to assist, but Lady desire raised her hand, indicating to stop and don't intervene.

Joanna her breasts were resting still touching the ground, while she was standing bent over them. With both hands she grabbed hold of her breasts like trying to lift two large sacks of potatoes. Joanna let out a grunt when making the lifting attempt.

To both Joanna and Scott their surprise, Joanna lifted her breasts from the ground in one smooth motion. She wobbled a bit on her feet trying to find the correct stance, as the center of gravity has shifted greatly.

There Joanna stood, still having both hands firmly dug under her own breasts, lifting her own breasts even higher on top of her chest. *"You can let go of those"* Lady desire said as she looked at her breasts. Joanna looked at Lady desire and then at her breasts and hesitated. Through her mind she was trying to make sense of all this, how is it possible she able to lift those enormous heavy breasts of hers with this little effort. They felt heavy when she pulled her feet free from underneath them, the weight she is holding in her hands and trying to lift up is any thing but light, but yet she was standing.

Joanna looked again at her breasts, back at lady desire and then face Scott. Scott his eye were wide spread, dumb struck by what he was seeing. Joanna slowly released her grip on her breasts and let gravity take over. To her own surprise, her enormous breast hung freely, with out any pain or discomfort due to their enormous weight. *"How is this possible"* Joanna asked, looking at Lady desire.

Lady desire laughed and turned towards Scott *"I'm not with out heart"* she said while lay her hands on Scott his shoulder *"Joanna her body is stronger and well capable to carry them around, without any discomfort"*

"Thank you!" Joanna replied and started walking towards Scott. But Joanna was not yet used to them and stumbled forwards landing on top of her breasts.

"But, she will have to get used to how to walk around with those" Lady desire said to Scott and moved towards the glowing red hole in the floor. At the edge of the glowing red hole, she stopped and turned around to face Joanna and Scott. *"Insquequo nos opportunus iterum"* Lady desire said while making a graceful bow towards them. She hopped backwards in to the red hole and vanished in it.

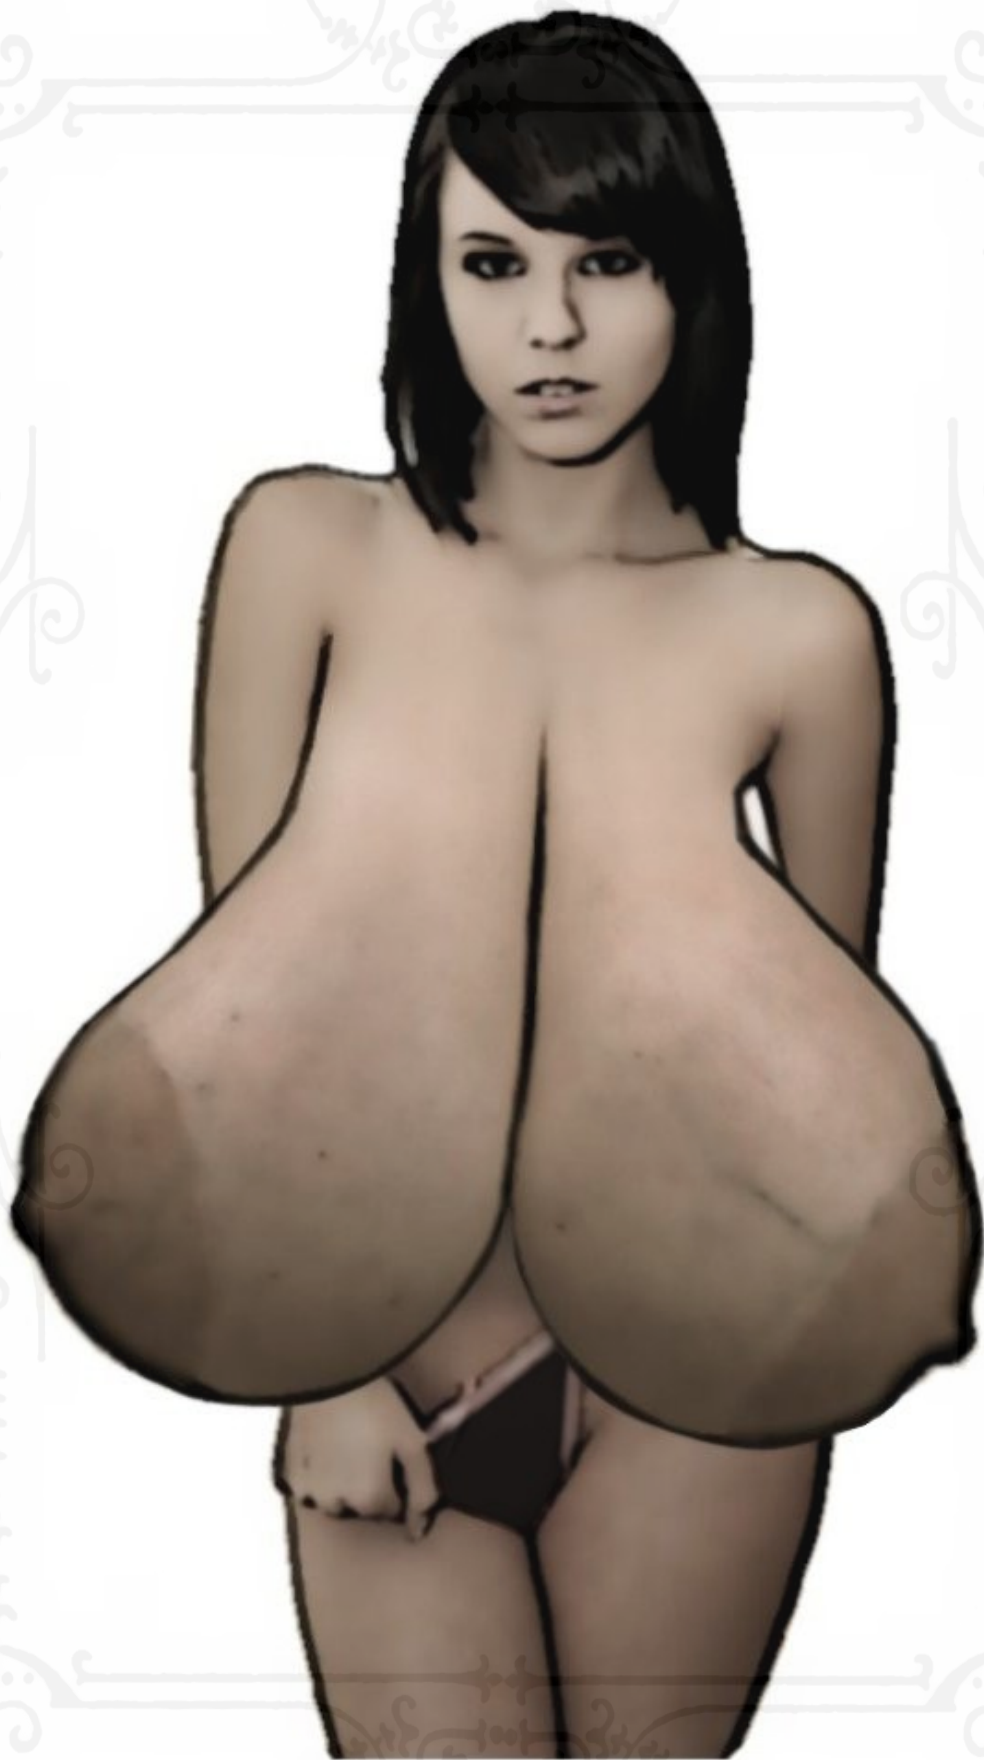

Around them the red mist started moving towards the red hole, getting sucked in, until no more was left.

Joanna laying on top of her breasts and Scott standing there with his enormous manhood, staring at the red hole in the floor that suddenly faded in to nothing. Both looked at each other and and smiled.

"Help me up on my feet will ya" Joanna asked Scott and Scott was quick to respond. When Joanna was standing again Scott took a few steps back and gave Joanna an other good long look.

Joanna smiled at Scott as he was inspecting her and took on a few poses and turned around allowing Scott to see her from all angles.

"God your amazing looking" Scott said to Joanna before grabbing her hand and pulling her in to him and kissing her with lust and desire.

After a few minutes of kissing and probing his hands around her enormous breasts, Joanna pulled away from the endless kissing from Scott. *"Make love to me, like you never done before"* she whispered in to his ear, kissed him and slowly started backing up towards the stair case. Scott followed her with his massive boner leading the way.

Moving up the stair case proved to some what difficult and slow, because she could hardly see where she set down her feet. But when Scott's rod started probing her in the back side like a cattle prod she was quickly climbed the stair case, with Scott not far behind.

In front of the bed Joanna stopped, she was looking at the new lingerie set she had bought along with several large bra sizes of the same set. Scott picked up the largest bra and read the label, "30G" he read out loud and looked at Joanna her breasts that very likely some where at the end of the alphabetical bra scale, if not over it already. *"You should return those and ask for a refund, you clearly out grew them"* Scott with a laugh.

In response Joanna pushed him with her body following on to the bed. *"You return them your self"* while poking and tickling him in the rib case. *"I'm not showing my face in that shop any time soon"* Joanna continued.

Scott was laughed as Joanna teasingly poked him in his side. With Joanna her new added breast weight he wasn't able to wiggle free as easy as he would normally do when they were wrestling.

Eventually Scott managed to turn around and lay on his back and with Joanna sitting on top of him. She stopped teasing him and Scott no longer tried to wiggle free. A brief moment of silence before Joanna lifted her self and allowed his erect pole to stand up. With a bit of guidance she pushed it against her wet pussy and slowly her lips spreading open around his man hood, slowly taking it in deeper and deeper until she was almost fully seated again. *"Ehmmmmaa"* Joanna moaned *"You feel great"* as she slowly started moving back and forth. Scott took hold of her hips and followed her hip motion.

Every now and then Scott grabbed hold of one of her breasts with both hands and pulled the full package towards his face where he greeted her fat nipple with his tongue and a good sucking.

After many minutes Joanna her pace quickened paired with both of them moaning and breathing more heavily, before she reached her climax. With Scott not far behind releasing yet another large load.

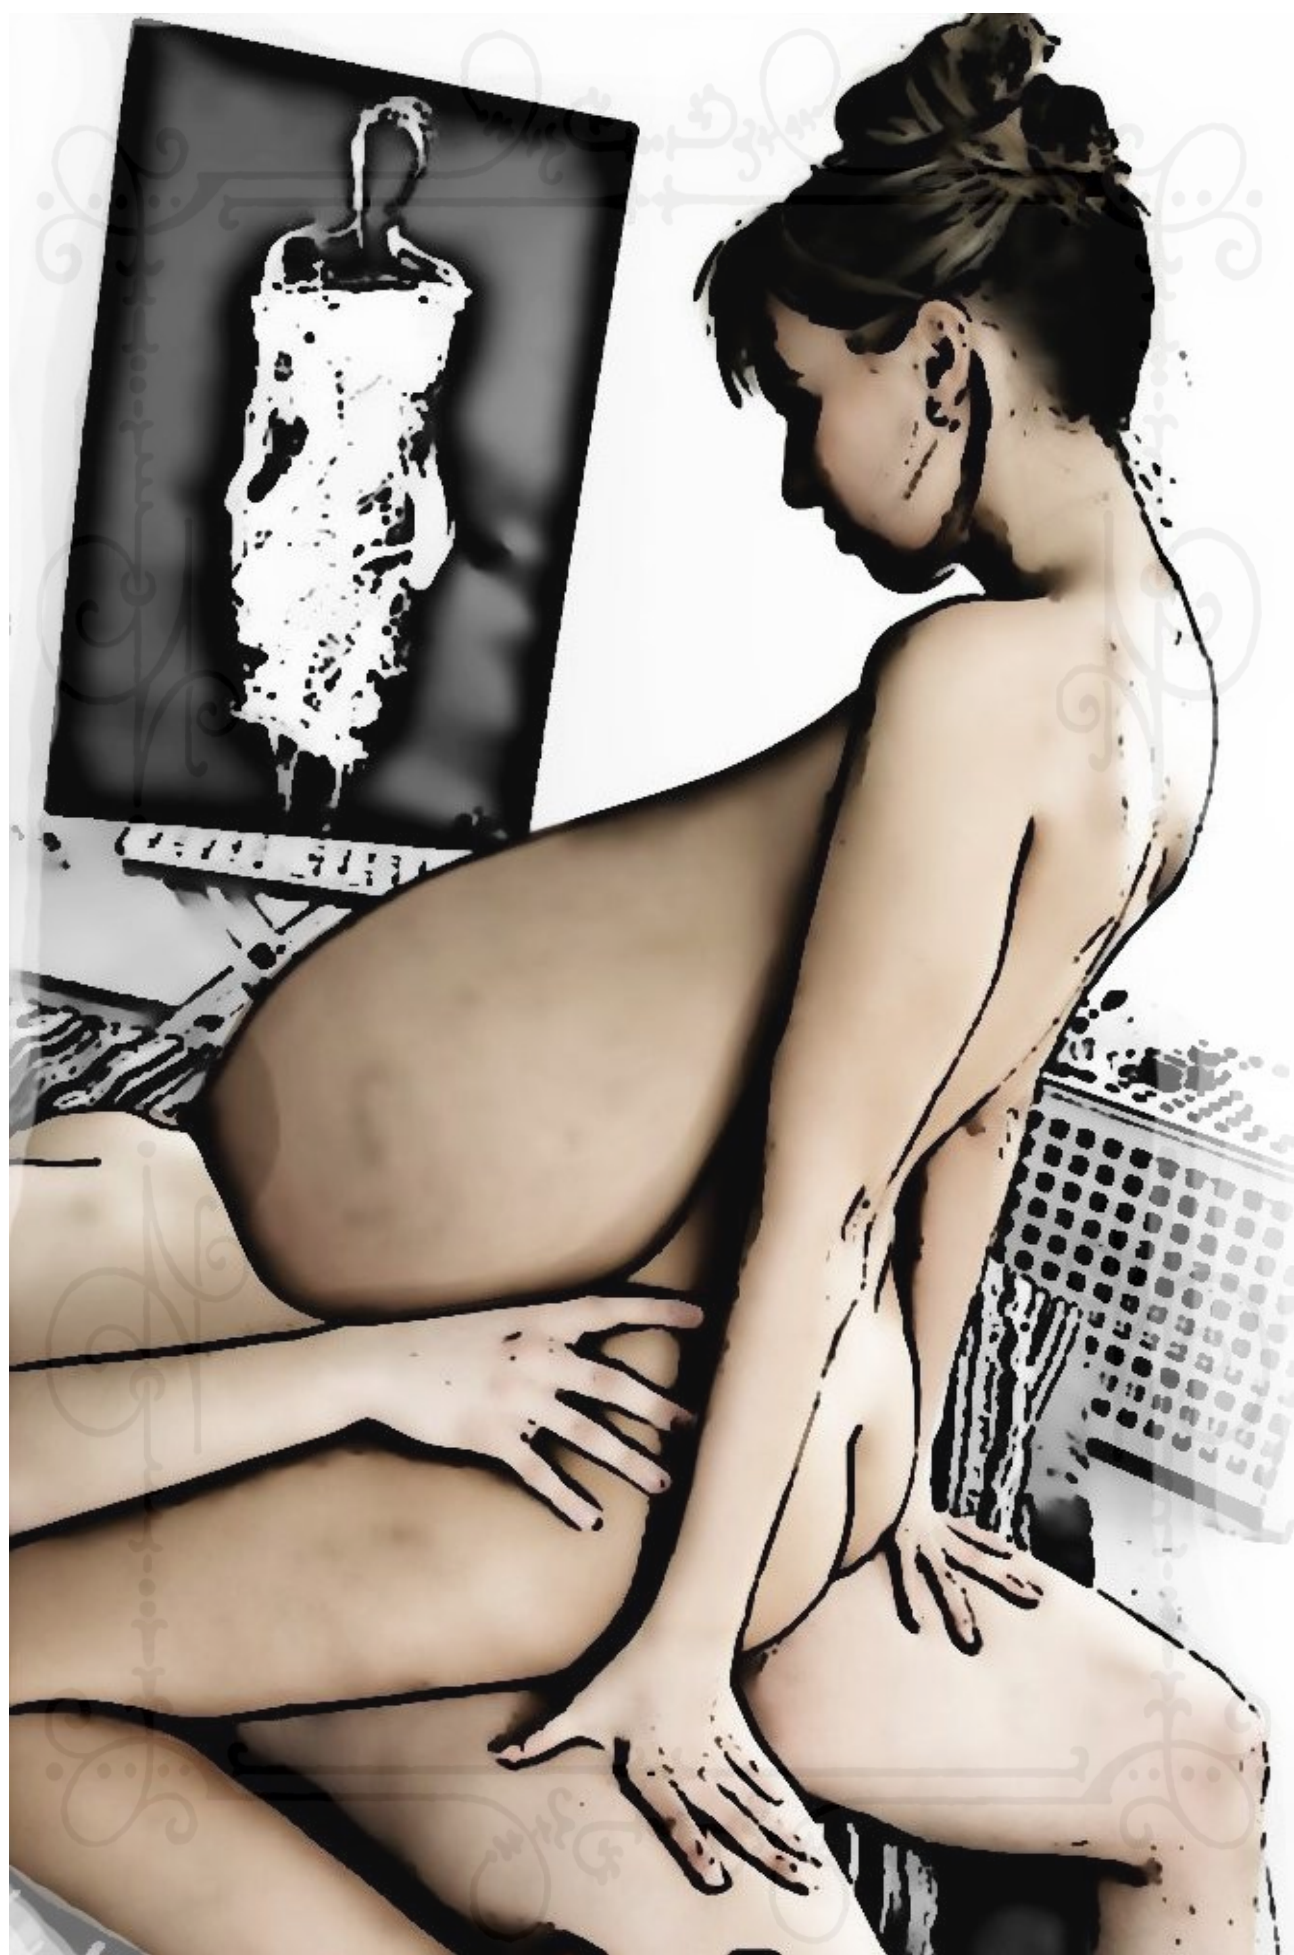

With Scott's cock still deep in side her, she lay resting on his chest, brushing her hand through his hair and stealing a kiss from his lips when he wasn't sucking more milk from her breast.

Scott's eye suddenly went wide open while sucking on her nipple. Pulled away from it and sucked a bit more. Joanna looked at him, puzzled *"Whats wrong?"* she asked..

Scott didn't respond as he released her nipple again, looked at it and latched on to it again. *"Hey whats wrong"* Joanna asked again while pushing more breast in to his face.

Scott ignored her tease and pushed Joanna some what of his chest until he had her other breast in sucking position. He took in her other breast and started drinking from it.

Scott released her nipple again, *"Your breast"* he started, *"It's empty!"*. *"What do you mean empty?"* Joanna asked, *"Like, like I can hardly suck any more milk from your left breast, would I compare it to the other"*

Joanna sat up right and looked down her breasts and try to compare size difference. There was little to no difference between the two she could tell from her point of view.

"Its not like I just drank a full gallon of milk from your breast or some thing" Scott said as a smile grew around his face. Joanna wasn't following him, *"What do you mean?"* she asked as she gave him punch on the shoulder

Scott burrowed his face in to her cleavage and started laughing. After several seconds Joanna pulled his face out of her breasts, *"What are you so happy about? Tell me please."*

Scott kissed Joanna, before letting him self fall back on to the bed again.

"Well" Scott started, *"I believe this means your breasts are nowhere near full, they are both nearly empty"* he lifted as single breast *"they look like this when they contain little to no milk"*

"What?" Joanna now realizing what Scott was aiming at, *"you mean they will grow even bigger?"* *"I believe I drank no more then 1 or 2 glasses of milk from a single breast"* Scott explained, *"if your producing almost 3 gallons of milk"* Scott continued *"Then, ... Then, 8... 14..."* Scott mumbled as he was trying to calculate how much glasses of milk a single breast could be holding. *"Then I believe a single breast could hold well over 18 glasses of milk."*

Joanna closed her eye's from a moment and let a deep breath, trying to take in the fact that her breasts would grow even bigger as the grew fuller.

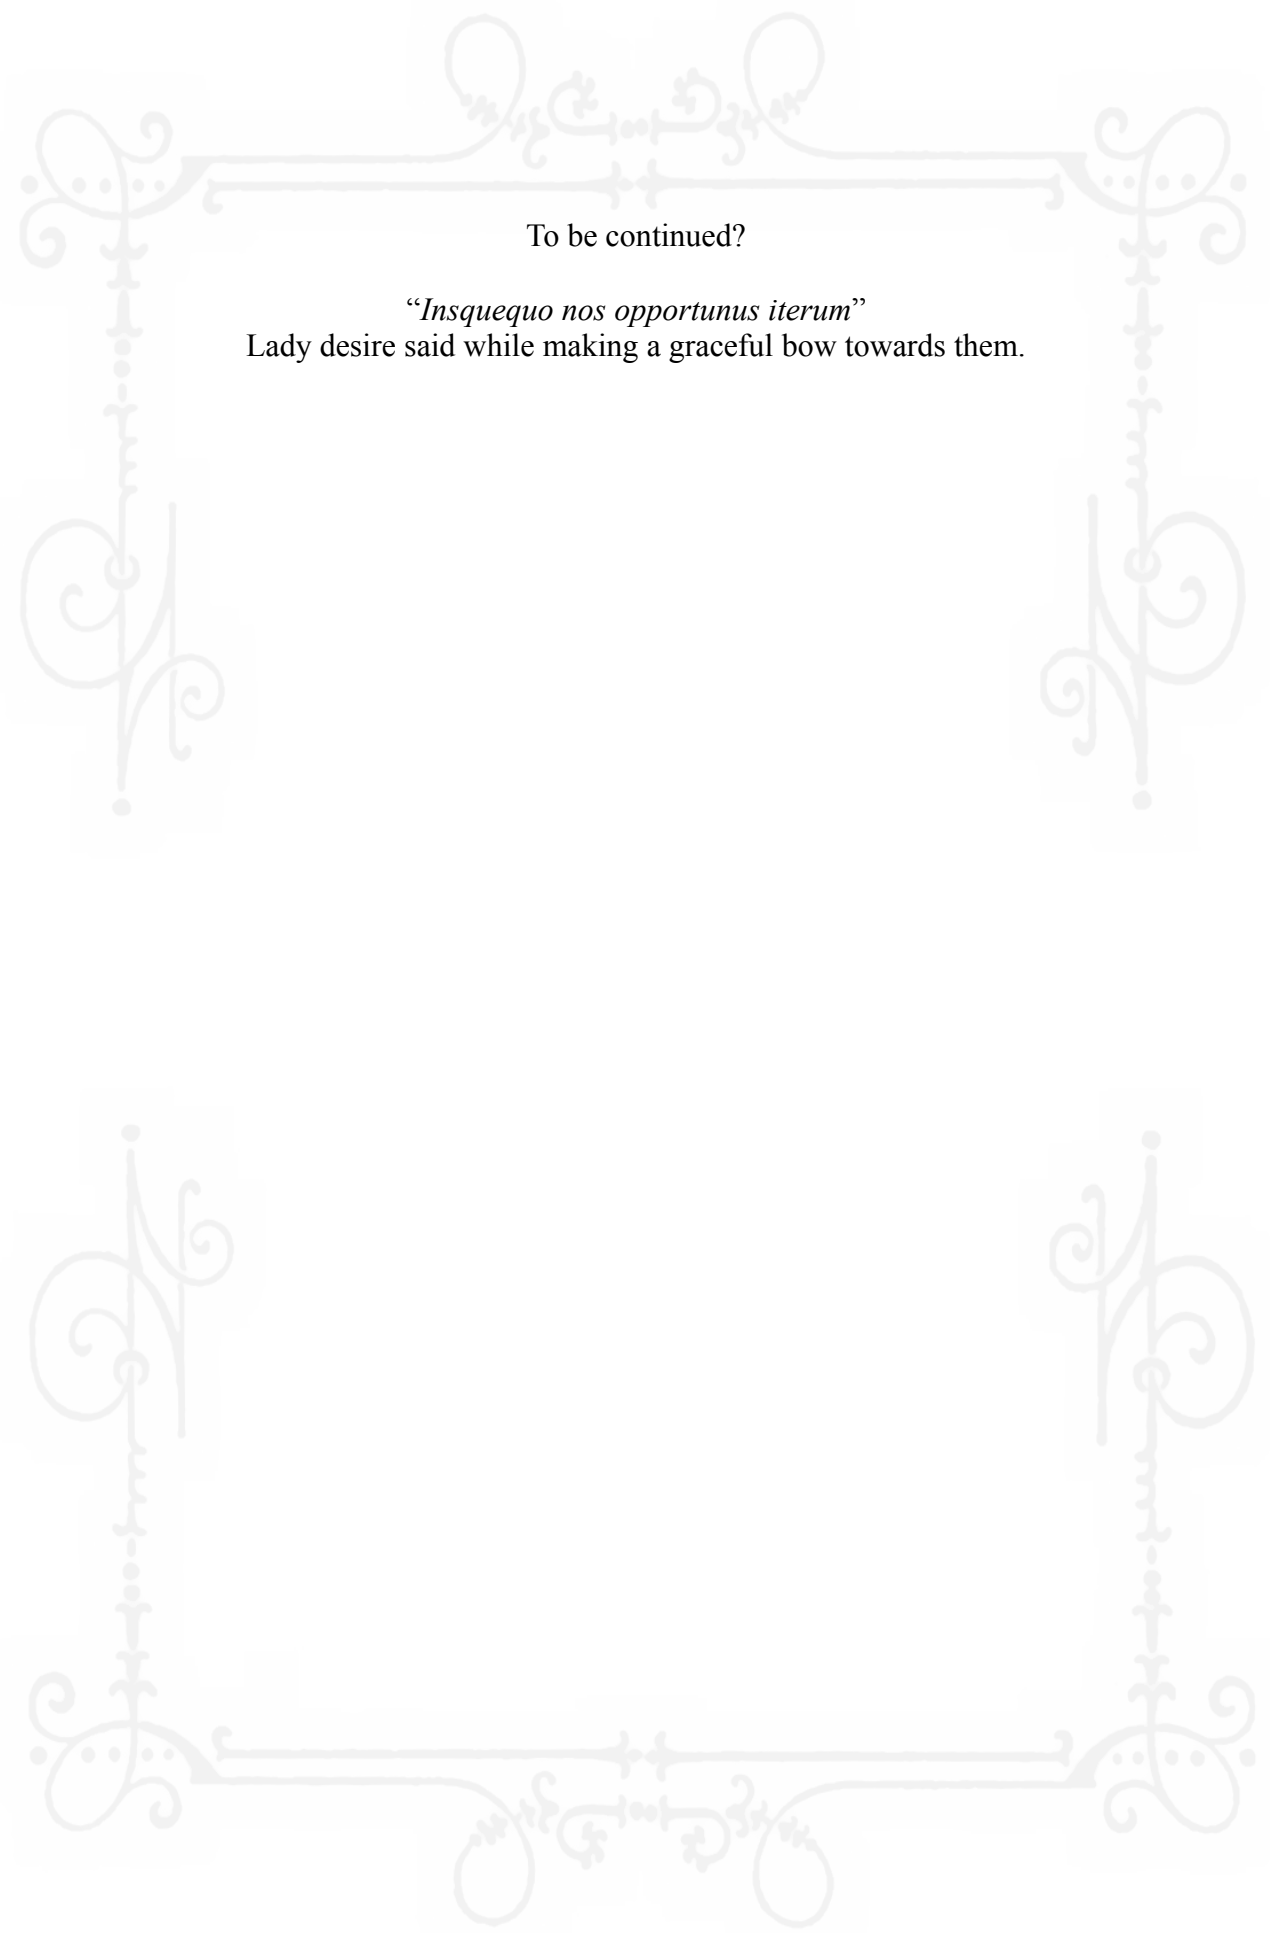

Scott pulled him self up and wrapped his arms around Joanna *"You're my goddess, my dream girl, and I shall always love you!"* Scott whisper in to her ear. Joanna smiled and tightened the hug before releasing and pushing Scott back on to the bed.

"You mister are bound to some daily duties mister!" Joanna said firmly voice

"Like what" Scott asked with a smile, as he could see Joanna was playing with him.

Joanna pushed both her breasts towards his face, *"Milking these several times a day and when ever I desire them to be sucked"* Joanna continued. She pushed her self up and down his long shaft, clearly pleasing Scott by doing so, *"Giving me pleasure when ever I want, when and where ever I desire"*. *"Mmmmm I like the sound of that"* Scott answered back.

Joanna kissed him long and hard and before releasing held on to his lip a moment. *"Starting right now!"*

To be continued?

“Insquequo nos opportunus iterum”

Lady desire said while making a graceful bow towards them.
