

Mom's Special (borrowed) Pills

(originally written by Dirty Mind, then re-written by Foogo, then re-written by BB47)

Re-written by BB47 - with the express intent of getting rid of the 1st generation incest and cleaning up the story a whole bunch.

Tim couldn't believe his luck, he was finally alone with his Aunt Danielle and she was horny as fuck! One moment she was sucking his impossibly massive cock, the next second she was spraying milk all over his prostrated body in a glass shower on the top of a mountain. Her impossibly huge breasts wobbled and surged with milk and as she opened her mouth to kiss him she started to speak...

".. and the traffic looks clear over on I-97, with a little bit.."

He sat up straight in his bed. "Aw, shit," he said, realizing it was just another wet dream. He also realized that he better get moving or he'd miss the bus. As he peeled back the sheets, he realized he'd made a mess, but he didn't have time to clean it up. That's twice this week! he thought. Ever since his Aunt had moved into the guest room, he couldn't keep her out of his thoughts. He was a horny 17 year old who barely got any notice from the girls at school, but his Aunt was really nice and seemed to really act nice towards him. It didn't hurt that she was hot as hell! His mom must have missed out on the genetic lottery, cause she looked nothing like his Aunt. Where his mom was skinny and flat, his Aunt looked like an hourglass on steroids. He had snuck into her room to check out one of her bra's when she went to work. 36DD is what the tag said.. he must have jacked off 5 times that day! Her jeans were a size 8 and a booty that belonged on a sister, but he distinctly heard her telling her mom she had the hardest time finding clothes that fit her 24 inch waist. She may have been 38 years old, but who gave a shit with a body like that. The only thing more provocative was her bee-stung lips and her gorgeous face. He couldn't understand why her uncle had divorced her a month ago, he had to be a screaming faggot or something!

He ran downstairs to grab some quick breakfast. "So what are you doing in school today," asked his mom. Unfortunately for Tim, as he looked his Mother, Danielle came walking into the kitchen wearing a brown plaid button up shirt with a few buttons loose so a small amount of her ample cleavage was visible.

"Tim are you ok" she asked his mom asked with a little worry in her voice. He was tongue-tied staring at his Aunt's heaving cleavage. He replied with a yes and quickly looked back at his mom's face in embarrassment. Danielle smiled a funny little smile as she poured herself some coffee.. as if she knew what he had his mind on and was slightly flattered. After finishing his breakfast, Tim ran outside to catch the bus leaving Danielle to her own dirty thoughts.

Danielle was off that day, so she messed around the house, doing laundry and helping out however she could. She was really grateful for her sister letting her shack up during this nasty

divorce and she didn't want to be a burden. She was shocked at the size of little Timmy. He had become a young man overnight.. and she hated to admit it to herself, but she was extremely horny and lonely since she had left her ex. He may have been abusive, but at least she got fucked on a regular basis. She felt like she was coming out of her skin. She needed to get laid and having Timmy around didn't help things. She saw the way he stared at her body; she knew she was hot and wondered what it would be like hooking up with the little pervert. She bet she 'd rock his world. It might do the kid a favor too, from what she'd seen the kid wasn't getting any action at school and needed a kick in the pants to set him straight.. or perhaps a roll in the sack. Speaking of sack, as she peeled his dirty sheets from his bed, she noticed the huge pool of cum still drying in the center. *Damn!* she thought, the kid is still having wet dreams, she chuckled to herself. I'd bet a blowjob that he was thinking about her! He must cum like a waterhose to produce that much sperm! She put her face close the puddle and smelled the enticing aroma of her favorite treat. *Shit! What am I doing!* She stood up shaking her head. *I have got to get laid.*

Just then the doorbell rang.

Danielle went down stairs to realize it was just the UPS guy with a delivery for her sister, Amy. She shook it and realized it sounded like pills. Before long, curiosity got the best of her and she found herself opening the small box.

Her mind was still slightly flustered from the morning so without a second thought she opened the box. Within the package, she found three bottles of pills.

The label on the first bottle said, "Breast Expansion", the second one said, "Penis Expansion", and the third said, "Lactation enhancer". Shocked, not knowing what to think, she picked up the breast expansion bottle and read it out-loud.

"For enhancement of breast tissue take one pill with water and wait one to two hours," she said.

"Holy crap Amy! What in the hell have you gotten yourself into?" she said stunned. She didn't even realize shit like this even existed! Why in the world would Amy want all of these drugs? Could she be jealous?

The bottle also had a big bold warning. **"WARNING: TAKING MULTIPLE PILLS AT ONCE WILL MULTIPLY THE EFFECTS OF THE ENHANCEMENT FORMULA".**

A sudden thought hit Danielle.. Amy wouldn't notice if one pill was missing. She loved her big boobs and had thought about them being bigger all the time. Her horniness had gotten the better of her. She would just take one little pill, wait a little while, see if it worked and if it did, she would masturbate like a fiend!

She popped a pill, put everything back in the box and excitedly went upstairs to see if anything happened. What she didn't realize is that it was a half-day at school that day and fairly soon, Tim would be walking back through the door.

After a while, nothing happened, so Danielle came to the conclusion that the pills were nothing more than a fake joke drug. Even so, a small part of her hoped it would work. If they did, she couldn't wait to see the look on Timmy's face when she was forced to get a bigger bra. She wondered how much she could toy around with him without Amy figuring it out.

About 30 minutes later she could feel something definitely happening. Her tits felt tender and swollen, pressing and straining in her bra. She paced back and forth in front of her mirror. She looked down at her DD size chest and was in shock to see her cleavage in her brown Button up shirt was getting deeper. Every passing minute her boobs would slightly swell until 20 minutes later her chest was about a E cup and straining her shirt. Danielle grew scared and excited at the same time. She felt herself also growing more horny by the minute. She realized that she wanted Tim to see her with bigger boobs and also grew more turned on at the thought. 5 minutes later she could feel her shirt was about to burst; her nipples could be seen poking out like two plump acorns. Knowing that her shirt was going to give she arched her back and let her shirt explode. As she turned her head to watch one of the buttons ricochet off the wall, and roll to stop at the feet of her nephew, standing the open doorway, his jaw dropped wide and a look of perverse longing in his eyes.

He stared at her breasts noticing that her chest was much bigger, her boob flesh was literally overflowing out the top of her bra. Tim instantly became hard as he stared and tried make sense of the scene in front of him. "Wh.. what?" he stuttered, "What happened!!! What are you doing?" he asked, feeling his dick become hard as a rock in his pants (which was noticeable to Danielle). She tried to cover herself up as best as she could but new Double FF's made that a problem so she quit after a few seconds of messing around with her shirt. She quickly noticed her nephew's boner poking straight out from his loose pants ant pitching him a nice size tent.

"Uh.. come sit down, Tim, we... we should talk" she said quietly "close the door". Tim was too shocked and horny to do much else and slowly walked over to his Aunt, who had nothing but her ripped shirt clasped to her bosom.. two sizes too small. Her tits sat nicely on her stomach as they continued to slightly grow and plump up.

"Well Tim, a package came in the mail today.... and well, there were pills inside for your mother... and one of them makes boobs bigger." Tim just stared from his Aunt's face to her chest, noticing that her boobs were now almost about to burst out of her bra. Tim's dick started to become harder than any time in his life, pre-cum was beginning to drip out. She stared at his boner in his pants and she became wet as well. "For my mom?" he asked. "Why would my mom order pills like that? And why are You taking them?" he asked. All Danielle could say was "It's complicated".

She sat up and walked over to the box and pulled out the bottles. Tim, still slightly confused, stared at his Aunt's plump ass as she walked over to the table. She was wearing a pair of her tight jeans that showed every inch of her curves. She came back with the pills and showed them to him. He was in a state of pure shock, lust and perversion when he read them, knowing he should not be even looking at this.. but he didn't care. His self-confirmed bravado made him

even hornier and daring.. he knew what he wanted to do.

"Can you take some more pills?" he said with a hot look on his face. Danielle smiled and knew that is exactly what she wanted to hear.

"Well," she asked, "what bottle should I open up next?"

Tim could feel his dick pulse and jump with the question. His heart raced as he said, "Breast Expansion". With a sultry look on her face Danielle popped three more pills.

It was almost instantaneous, her breasts swelled, her bra straining to the limit with her increase proportions. Tim watched in amazement, he couldn't take it anymore. Pulling out his penis, he started to jerk off. Danielle became wet and sticky as soon as she saw his huge dick. It was as thick as a Red-bull soda can and about 8 inches length wise. She began to reach down and play with herself through her pants which made Tim's eyes widen with excitement. Her boobs were now flowing out all over the place with long thick nipples as big as baby carrots peeking out over the top of her bra.

Soon Dani's bra was, much like her son, on the verge of bursting. With a resounding SNAP, her bra popped open with a tremendous force as her growing breasts spilled out. Tim's heart missed a couple of beats when he saw how her once, above average globes were nearing the size of watermelons; her nipples were big and round like the size of thumbs and her areolas were as big as a Cd.

In that moment Tim came.

Stream after sticky stream hit his Aunt's chest as he was having full blown orgasm. Danielle, still rubbing her pussy, started to cum as his jiz splashed on her mammoth jugs like she was being shot with a super-soaker. She was right about the quantity of his sperm and it turned her on even more. She too had an orgasm, her screams and moans echoed throughout the house as she rubbed her pussy like there was no tomorrow. Tim finally finished his cum volcano seeing that his Aunt's chest was completely covered he also notice that he got some on her face.

Tim slumped down in his chair basking in the afterglow of his intense orgasm. Danielle took a seat across the bed from her spent nephew. Looking down at his cum slowly running off her new fat tits, she could feel her lust growing deep within her again. She wanted to be bigger, hotter & *SEXIER* with a big cock stuffed deep within her! Her eyes blazed as her hormones rushed through her veins. She stared at him like an animal, Tim was just sitting there with a glazed look in his eyes.

Danielle didn't know what had come over her. She was his Aunt for Pete's sake! Yet she knew what she wanted and what Tim wanted. Aggressively, she started her approach, "Tim?..... Tim!"

Snapping back to reality, Tim quickly made to cover himself. "What? Wha? I... I... didn't.. oh my

God... I'm so sorry.. I'm so sorry," he stuttered while standing and quickly trying to zip up his fly.

"Relax honey" she said soothingly, licking her lips, "don't worry about anything, your Auntie is gonna take good care of you". On that note, she stood up and with a seductive smile upon her plump red lips, and started to undo her jeans. "Do you want Aunt Danielle to be bigger?"

A small, amazed yes was all the poor boy could muster.

"Do you want to see my nice juicy ass?" This time all he could do was slowly bob his head up and down. At this she peeled her skin tight pants down to her ankles and wiggled her getto-booty back and forth, showing off her tight red, thong.

Tim didn't know what to do or think. His Aunt was standing right in front of him, clad in only thong, bent over until he could see her bald, wet pussy lips straining against the tiny wisp of material. She just stood there with her hands on her hips and her big hard nipples pointing strait out with arousal. All he could think about was how hot she was. It didn't matter if she was his Aunt.. shit, at this point, he wouldn't care who she was. She was hot & horny with the biggest fucking breasts he had ever seen.. and most importantly, she was ready to screw his brains out.

Taking a big breath to gain some confidence and composure; Tim found his voice. "Aunt Danielle?" he asked, "Can.. can I take the penis enhancement pill?"
