Brianna and Cindy were in their room with three members of the football team.

Steve looked over to Rob and Paul and winked at them. This was freaking awesome! Two of the hottest chicks on the UW cheerleading squad had invited them to their dorm room, and all they had to do was bring the alcohol. Steve looked at Brianna as she was talking to Rob and Paul. "Man she's hot" Steve thought.

"BJ Brianna" (as the guys called her) was an incredibly athletic brunette cheerleader, and loved to show off her nice toned ass and legs. Tonight she was wearing a halter top which covered her modest 32B boobs and a short plaid schoolgirl skirt. She had her hair up in pigtails and was clearly trying to go for that "Hot sexy schoolgirl" look. But that wasn't what caught Steve's attention. It was the way that she moved her 5'2" frame around seemed to constantly shout "Fuck me!" to Steve.

Brianna sashayed her hips in an overexaggerated manner as she walked over to the cooler. She then bent over and fished around in it. She stayed in that pose for an overly-long time, showing all three boys an extended view of her amazing legs and ass. The guys could all see the perky teardrop shaped ass cheeks and just the very bottom of her lacy pink panties.

"You big, strong boys got all this alcohol for little old us?" She said teasingly as she walked back across the room, two beers in hand. "If I didn't know better, I'd think that you were trying to get us drunk!" Brianna laughed seductively as she handed her roommate Cindy a beer.

Cindy was a little bit bigger than Brianna although she carried it very well. She was probably the 'plumpest' member of the squad and had the 2nd biggest tits on the team (the undisputed owner of the largest rack was Tiffany "Tittany" Summers). Cindy had a classic hourglass figure with wide sweeping hips and muscular legs.

Cindy's face was pretty and her dirty blonde hair fell in long curls around the

cleavage that her 36 EEs were making in her tight black tank top. Tonight, she was aiming to make some new “friends,” and had worn a tight skirt that accentuated her hips nicely. She made a show of trying to open the beer, and in so doing, she pushed her mammoth boobs together to give the boys something to think about. In her sexy southern drawl, she said “umm would one of y’all like to open this for me?”

Rob and Paul both stood up immediately and rushed to help the busty blonde sitting across from them. Both were rushing so fast that they almost spilled their open beers as they made it over to Cindy. Rob made it to her first and opened her bottle with his teeth. “There you go babe!” he said as he handed the open beer back to her.

“Why thank you sugar!” Cindy said as she motioned for Rob to sit next to her. Even the slight motion of her hand made her ample bosom shake and quiver in her top. Rob didn’t have to be asked twice. He quickly sat down and began chatting with Cindy.

Down the hall in “Loose Lucy’s” room:

Sheila waited for a few minutes until both Lucy and Mike fell asleep. She pulled her panties up and noticed that they seemed to drag a bit more on her thighs. As she moved them into place and let them go, she almost lost it when the fabric her clit. “Oh myyyyy unnnnghhh....” She whispered as the first promises of an orgasm began to stir.

“I can’t sit here all night playing with myself!” she thought as she pulled her panties back down, bunched them up and threw them under Lucy’s bed. She walked towards the door and stared at the couple asleep in the bed. Lucy had one arm around Mike and one of her now massive boobs rested between her arm and his chest. Her breast was at least five times as wide as her arm, and her nipple ended about three inches past her elbow.

Sheila snickered at her handy work as she spied a bit of motion between Lucy’s legs.

Even in her sleep, Lucy was so horny that she couldn’t help but play with herself. Her hand flicked back and forth on her gigantic clit which was now only a few inches below her belly button. Her fingers and thighs were sopping wet with the juices that were dripping from her huge vagina. But her pussy was just part of her changes “down there.” Her massive ass and hips were WAY too big for her little frame.

As Lucy whimpered in her sleep as she frantically fragged her clit, Sheila smiled again at the sight before her. The pert little redheaded cheerleader slut had

retained all of her features except for her tits, ass, and pussy. She was now an actual living, breathing embodiment of the “tits and ass” that all the boys used to like her for.

“Someone is going to be in for a little surprise when she wakes up tomorrow” Sheila snickered as she walked out the door.

Sheila walked down the hallway towards Brianna and Cindy’s room. Before she rounded the corner, she took a quick sip of the invisibility potion and smiled as she watched her hands (and the rest of her) re-disappear. She strode into the open door to the girls room and sat down in the corner. “Wow.” she thought “These girls truly are slutty. Three guys in their room?! I thought I may get lucky and catch one of them with a boy tonight... I’m glad I bought those extra potions.”

Careful not to make any noise, Sheila felt around in her bag for the potions that she needed. At Luferra’s suggestion, she had marked the stopper on top of the potions with unique notches so that she could tell them apart. She grabbed the vial that she had made for Brianna and carefully uncorked it. She then deftly snuck over to the bed and dropped a little bit into Brianna’s beer.

The beer immediately began to fizz up and Sheila had to jump out of the way as Brianna grabbed her beer and put it in her mouth on it to contain the suds. Off balance from the unexpected movement, Sheila fell back and landed on her butt; In so doing, the potions in her backpack all clanked together loudly.

The two girls and three guys all swung their attention to the spot where they had heard the sound. Heart pounding, Sheila waited for what seemed like an eternity as everyone stared right through where she was (invisibly) sitting. Pretty soon the crew resumed their flirting as if nothing had happened.

As Brianna was listening to Steve brag about his football heroics a heat started to build in her stomach. She found it less and less possible to concentrate on what Steve was saying as the heat in her stomach began to move towards her pussy.

“Why the fuck am I so horny all of a sudden?” Brianna thought as her eyes drifted towards Steve’s package. Her mouth began to water as she thought about his cock hiding under his jeans. It took almost 20 seconds for her to realize that Steve had stopped talking, and she snapped her attention back to his face. “What was that?” She said.

“Um, I asked if you wanted to go check out the common room” Steve stated knowingly.

“Yeah let’s go!” Brianna said as she grabbed his hand and pulled him out into the

hallway.

Sheila looked over to the spot where Brianna was sitting, and giggled at the big wet spot on the bed. She silently rummaged around her backpack until she found the two potions that she was looking for. This time, careful to wait until everyone had finished at least half of their beers, she walked over and put a few drips of one potion into Paul and Rob's beers (respectively), and some of the other potion into Cindy's. "We'll see how the guys like her without those pontoons on her chest." Sheila thought to herself.

Sheila then went out the door to Check on Brianna and Steve.

Outside, Brianna had led Steve to the empty common room down the hall and threw herself on him as soon as they passed the threshold of the room. Brianna rubbed her hands up and down Steve's chest and passionately kissed him. She aggressively pushed her tongue town his throat and grabbed him by the belt to lead him over to the couch. As she did, her stomach growled loudly. "Why am I so hungry and horny all of a sudden?!" she thought as she spied the growing bulge in Steve's pants.

Steve saw the look in Brianna's cute little eyes and knew that he was in for a treat. But he still wasn't prepared when she grabbed him and ripped off his pants. She literally tore his boxers in half in her eagerness as she pushed him onto the couch. "Ohhh yeah baby, you're kind of freaky..." Steve said "I'd heard the stories from the other guys about you, but I didn't really expect this."

Brianna looked at him and was about to say something, when her stomach growled again. She lost her train of thought and grabbed his hard cock and stuck it in her mouth. "mmm" she cooed in satisfaction as she began to bob her head up and down on his rod. "Why do guys always try and make things complicated?" she thought. "All I want is to suck his cock." Just then her stomach growled again, and she revised her last thought. "Actually all I want is to suck his cock and swallow his cum."

The thought of him shooting load after load of cum down her throat made her pussy hot, and calmed her stomach. "Holy crap, I really really want him to cum in my mouth." The thought of semen and its taste and texture was all she could think about as she doubled her efforts to get him off. She licked and sucked at his member with total abandon, giving Steve the best blow job that he had ever had.

Watching the entire scene, Sheila smiled wickedly to herself. She quickly found the potion that she had just given to the other boys, and dumped the entire remaining contents into Steve's beer.

Hearing a splash at his side, Steve was momentarily broken out of his ecstasy.

He saw his beer sitting there, grabbed it and finished it off in one long chug. He coughed a bit at the weird taste, but didn't dwell on it too long as he watched Brianna going to town between his legs. She was sucking so hard on his member that her cheeks were concave. She was also intently bobbing her head up and down like his cock was the only thing in the world that mattered to her. Just then Steve felt warmth spread through his stomach and down to his penis and balls. It lasted for a few seconds and then was gone.

Without ever missing a beat on Steve's cock, Brianna reached down and pulled her panties off and tossed them aside. She did the same with her shirt and bra. "Mmmph" she moaned as she grabbed Steve's hand and placed it on her firm right tit.

"Ohh yeah baby, I love this!" Steve said as he fondled her tit and she bobbed up and down on his cock with her lips. He looked down to see the prettiest girl he'd ever hooked up with sucking his cock with abandon. She looked into his eyes and he could see raw desire in them as she slurped and sucked.

Brianna reached down and started playing with her clit. She was SOOOO HORNY! Yet her desire to cum came second to her desire to feel Steve's load in her mouth. She wanted... No SHE NEEDED his cum. She was hungry for it, like she hadn't eaten in a week. Her stomach growled just thinking about it.

She started to run her tongue in circles around Steve's tip as she tried to make him come. Steve bucked his hips as he thought about his luck again. This totally hot cheerleader was on her knees with her little short skirt up in the air as she sucked on his cock with unmasked desire. She was obviously horny as she fingered herself and he played with her free boob. Pretty soon he felt like he was going to cum and started moaning. Brianna grabbed his balls and started massaging them. She could have sworn that his balls had gotten bigger since she last concentrated on them. They were now the size of tangerines, and they pulsed as she massaged them.

Sheila was getting hotter and hotter watching the scene unfold before her. Before she even realized what she was doing, she had snaked her hand down her pants and was playing with her clit. Each flick of her wrist was driving an electric pulse through her whole lower body. "I can't!" she thought as she refocused on the scene in front of her. "At least not before I check with Luferra on why I got bigger." It took almost all of her willpower, but she was able to pull her hand away from her throbbing clit.

A few moments later, as Brianna slowly massaged Steve's balls she thought "every little bit counts" as she continued to deftly tug and squeeze them. With no warning, Steve bucked his hips hard and began to cum in her mouth. She sucked hard and tried to swallow every single drop. At times her cheeks puffed out as she struggled to contain the flow. "No!" she thought. "I have to have it

all!" She quickly redoubled her efforts and closed her mouth around Steve's cock head

Brianna was filled by the best orgasm she had ever felt in her life. Her whole body was tingling as she began to shake from cumming so hard. "Ohhh my!! Holy..." she thought as for the first time in a long time she felt completely satiated. She looked up to see a look of surprise in Steve's face.

"Ummm they don't call you Brianna BJ for nothing do they?" he asked with a smile on his face.

"You liked that?" Brianna said with a devious grin.

Just then, the tingling that Brianna had felt earlier had moved into her chest and then her stomach. As she reached up and wiped her lips, she felt the warm feeling there as well. With one appetite stated, she began to feel the other coming back as her pussy throbbed and got wetter and wetter. She looked towards Steve's now limp cock and started imaging it filling her needy pussy. "What the fuck?" Thought Brianna "Why am I so freaking horny tonight?" She reached out and started playing with Steve's limp dick in an effort to get him hard again.

To her surprise, it didn't take much, and he became hard almost instantly. "Whoa, I didn't realize that you had such a big cock, stud." She purred. It *did* look bigger than she had thought it was. "It must be like eight inches long" she said.

"I want it filling my *other* lips now." She whispered in Steve's ear as she straddled him. Steve complied with her wish and grabbed his cock in his hands to stabilize it as Brianna slowly lowered herself onto his shaft. While not the biggest that she had ever felt, Steve definitely filled her up nicely.

Steve surveyed the sight before him. Clad only in her plaid schoolgirl skirt, Brianna bounced up and down on his cock. She was incredibly cute and very sexy as she went to town fucking him. As he watched Brianna's bouncing boobs... "Wait a second" he thought "she didn't have big boobs before. What is going on?" As Steve watched, Brianna's boobs slowly added weight with each jiggle. He also noticed that her stomach and chin softened up a bit, as her once super-toned body packed on some extra weight. "Babe, you've got to stop!" he said.

Intent on riding Steve's cock, Brianna barely snapped out of her pleasure long enough to register that he was talking. "Unnngh?" she said as she looked down at him as she pumped her hips up and down.

"Babe, listen to me, something's happening to us" he said. "I... I don't feel right..."

and you...”

Brianna quickly pushed her finger to his lips and said “shhhhh” as she redoubled her pumping on his cock. Slowly the internal pressure in her pussy from Steve’s cock became almost too much to bear. She’d taken some big cocks from the other football players, but Steve seemed really to swell bigger with each pump.

As Steve watched, Brianna’s once inconsequential 32B tits plumped up with more and more fat. As they did, they jiggled and flopped more and more as she rode his cock. It was hard to tell from his angle, but if he had to guess, he would guess that she was at least a 34 C or D now... Which looked really huge on her small frame. Soon the growth stopped, and Brianna’s stomach rumbled loudly.

This snapped Brianna out of her trance, and she began to think about filling herself up on Steve’s spunk. “Ewww, what the fuck?” she thought angrily at herself. “How come I want to swallow his cum so badly? And why does he feel so tight?” It was true... Over the past 15 minutes, as she pumped away, Steve’s cock had gotten to the point where it stretched her lips super tightly around his shaft. Any alarm that she felt at the new sensation was quickly replaced with desire, as she thought about what she was doing, riding his cock. Try as she might though, she couldn’t cum. She began to clinch her pussy muscles on each downstroke.

That got an almost immediate reaction from Steve. “Unnnnghh Babe, I’m gunna...”

Steve didn’t even have to finish his sentence. Almost involuntarily, as she thought about not losing even a drop of his seed, Brianna deftly dismounted and put Steve’s cock into her mouth... Or at least she tried to. Since they had begun their little fuck fest, Steve had grown markedly bigger. She could still fit him into her mouth, but her teeth scraped against the head of his cock, and she could tell that was not helping things with Steve. Frustrated, she pulled his cock out of her mouth and began to lick the head of it as she slowly stroked his shaft. Steve began to buck his hips.

“Yeah big boy! Cum for me!” She said as she reached down to fondle his sack. As she grabbed a ball into her hand she froze. His balls had grown to the size of oranges, and with each heartbeat, she could feel them getting bigger! She pulled her mouth off of Steve’s member to think about this new development, but then she felt Steve’s balls draw up into his sack, ready to cum. The thought of losing even a drop of his precious seed made up her mind instantly, and she attached her mouth (as best she could) around the head of his cock.

Steve looked down and was startled at what he saw. Brianna’s mouth had encircled his now huge cock, her lips struggling to contain the load that was being delivered. Was it just his imagination or did her lips look much larger and

fuller? Her jaw and mouth looked almost inhuman as she gulped and swallowed as he flooded her with his seed. She expertly massaged up his huge shaft trying to preserve every drop.

Steve came.... and came.. and came for what seemed like an hour. In reality Brianna realized, he had only cum for about 30 seconds. She swallowed all of it even though it stuffed her completely. When he was finally done, she stood up, wiped some cum off of her full lips, and collapsed next to Steve. But her body wasn't working right. She tried to move but all of a sudden she felt the biggest orgasm of her life come over her. It was at least twice as good as the orgasm that she had had minutes prior. All that she could do as the feeling washed over her was to shake and twitch in ecstasy.

Steve looked Brianna over as she shook. She had definitely gained some weight, or was it just swelling? Something wasn't right. And her stomach was distended like she had just eaten two whole meals... "Holy shit!" he thought. "My cum did that?" He frantically stood up and looked down at his package. What used to be an average member at 6" now stood at least a foot long semi erect. He moved his Johnson out of the way and checked out his sack. "What the fuck?" he thought as he looked at his balls. Each ball had to be at least three inches across and they were heavy. As he was examining them, he could have sworn that they were getting bigger with each heartbeat.

Steve spun around. The movement in his cock and balls was almost comical as they took longer to slow down now that they were much bigger. With a wet "thump" his cock smacked against Brianna's fat left breast.

"Hey what are you doing?" She cried, still coming down from her orgasm. "ohh" she said as she looked at his cock. A drop of drool formed on her lip as she examined the now-oversized penis in front of her. She involuntarily reached out and touched it.

"No, Brianna, listen. We can't..." Steve started as he watched in amazement as Brianna's features began to soften even more. Her face and her stomach seemed to plump up a bit as she sat on the couch looking hungrily at him. She began to get the slightest hint of love handles on her once incredibly toned stomach, and they folded over her skirt in true "muffin-top" fashion..

Then he noticed her tits. They seemed even bigger than the last time he had looked. Like she had grown a few cup sizes more. "No" he thought, "They don't look bigger, they are definitely bigger" as he watched her boobs slowly growing. He blinked, yes they were growing... She was at least a 34D now and she seemed to be getting bigger by the second. The red mark from where his cock had smacked her tit was spreading out as that boob got bigger and bigger. He hated to admit it, but the sight in front of him made him horny... His cock ached as the blood started to slowly fill it up for round three.

Brianna, feeling hungry again looked at Steve's semi-limp cock with unabashed lust in her eyes. She reached forward and put his still-limp member in her mouth and began to suck. Steve, having just cum felt that terribly uncomfortable electric feeling in his cock as Brianna began sucking. He grabbed her hand and pulled her off.

"Babe, we need to talk, something is happening to us" he said reluctantly as the hot cheerleader licked her now-plump lips.

Brianna wouldn't be stopped though. She looked at him with need clearly etched in her face and said "I have a few ideas how we can get you up again. Do you know what a prostate is really for?" Brianna had never done this before, but had heard about it from the girls. Before Steve could react, she stuck her index finger up his ass and began to root around for his prostate gland.

Taken by surprise at the intrusion, Steve shouted "Wait! What the fuuuuuu" just before Brianna found what she was looking for "Oh my goooooo" Steve shouted as his member became instantly erect. He immediately felt the need to come but was at least a few minutes away as Brianna doubled her efforts on his cock and started to stroke it with her hands as she licked and teased his member.

Somehow, Brianna managed to fit his whole (larger) cock into her mouth and was slowly working it in and out... She looked up pleadingly, as she reached forward and grabbed his balls. She just had to have another dose of his sperm. Just then Steve heard her stomach growl.

NOTE FROM THE AUTHOR:

Hi all, I'm glad that you chose to read my work. I have been working on Chapters 2 - 5 for a while now, and this is the chapter that I was having the most writer's block with. If you like the story and/or the series, then please comment. I DO read each comment, and I love trying to incorporate suggestions into my stories.

Chapter 3 is all about Cindy and the two boys back in the room

Chapter 4 takes an entirely different route and incorporates some of the suggestions that you all wrote in the comments section of chapter 1.

I apologize for not getting these out sooner, but real life interfered a bit.
