

# Wishes Do Come True

Ruby woke up to the sun shining in the window, it was early afternoon. After the fuck-fest with Jake the night before, she was still naked and horny. Closing her eyes, she took a deep breath and sensually moved her hands over her body thinking about it. She sat up and scooped up her tits in her arms, they were bigger, and she loved it. She couldn't explain it, but she could tell that at that very moment they were growing ever so slowly. You couldn't see it, but she should \*feel\* it, and she loved it.

Ruby let her heavy tits swing free, got up and went to admire her body in the mirror. She loved looking at herself. She posed and turned, accentuating different assets. Standing at 5 foot zero inches she had sun-kissed caramel color skin with no blemishes or tan line, her pussy hairless and smooth except for a small rectangle of hair above her hood. She had legs and an ass you only get from religiously doing squats: athletic and strong, with a little extra meat on her thighs, topped by a round and firm butt that was perfectly heart shaped when viewed from behind (and looked fantastic in yoga pants). Her stomach was firm and smooth, her arms toned and strong. She had black hair that cascaded down her back, a face with soft features, and brown eyes. Her tits were perfect, probably D cups at this point, tear-drop shaped with delicious nipples topping them, aching to be sucked. Her body was a sex machine, and she knew it. Looking at herself in the mirror made her horny and very wet.

Speaking of which, she looked around for Jake. He wasn't in the bed. Then she heard the shower start up in the bathroom, and she went to investigate. She peeked her head inside, "Jake?" she called.

"Yeah?" he called back from the shower.

She tried to get a look at his irresistible cock, but the steam combined with the foggy glass of the shower prevented her from seeing getting a view. She frowned. "Will you be done soon?" she asked.

"Yeah, just going to clean up a little from last night," he answered.

"Okay, but don't take too long," she pouted. "I'm horny and ready for

another round!” she added with a smile and a giggle.

“Get yourself warmed up,” he suggested with a chuckle. “I’ll be there soon enough.”

“Okay!” she responded playfully while rubbing her clit; that was a good idea he had. She went to her bed-side table and rummaged through the drawers looking for her favorite toy, but it wasn’t there. She went to Jake’s side and looked through his bed-side table, still nothing. She sat down on the bed thinking about where it could be, lazily looking around the room.

Something under Jake’s table caught her eye. The corner of a box was visible under the table. “He’s been holding out on me!” she thought to herself. She picked up the box, and opened it. Inside was a piece of paper with some writing on it, not an assortment of sex toys like she expected. Removing the paper, she put the box back and inspected the writing. At the top of the paper it read “WISHES DO COME TRUE,” and about a third of the way down the page something was written in Jake’s handwriting:

“I wish Ruby’s tits would grow slowly until they rest on her lap on Friday. She would think it’s normal, and love the growth.”

To her, that seemed like a weird thing to write down. Those things were true, she had even told him she thought her tits were growing and that she loved it. But she didn’t have tits that rested on her lap. But after reading that, she hoped they would grow to be that big, she loved big tits after all. She smiled to herself thinking about having huge tits that rested on her lap. Today was only Tuesday, so maybe it would come true!

Ruby put down the paper and continued to look for her favorite toy, but couldn’t find it. It didn’t help that she kept bumping her tits and nipples into objects, or dragging them across things, increasing her arousal even more. Eventually she sat down in frustration, grabbed the ‘wish paper’ and quickly scribbled:

“I wish I had a big fat dildo to get myself off!”

She slammed down the paper and pen and flung herself back onto the bed

in frustration throwing her arms out to the side.

Her arm hit something hard in the bed that she hadn't noticed before. She grabbed it and found it was a big, fat, pink dildo, about 8 inches long. It wasn't her favorite dildo, or any of her other toys. She sat up and turned it over in her hands examining it. Her fingers couldn't wrap all the way around it. It had veins, a thick head, and a set of balls at the base. She found a switch, thought for a second, then flicked it to ON, and it buzzed to life. She smiled to herself, "Hello, who are you?" she asked the toy. "I don't care, you're mine now!" and she brought it between her legs, and began to slowly probe at her pussy with it. She was trying to build the pleasure, but the anticipation of an orgasm had been building long enough that she couldn't wait. She moved to the middle of the bed, spread her legs, and expertly pushed the buzzing toy as far into her pussy as it would go. It went balls-deep.

She closed her eyes and savored the feeling for a moment, then with one hand grasping the balls she slowly began to move it in and out of her wet cunt. With her other hand, she scooped up her tits, and began pinching one of her nipples; she rolled it between her thumb and forefinger. Her breathing was getting heavier, and her climax was building. After a minute she brought a nipple up to her mouth and began to suck and gently nibble, bringing her closer to the edge. Her other hand increasingly thrusting the toy faster and faster. She was almost there.

"Ahhhhh..Imost.... AHHHHHHHHHHHHHHH"

And she went over the edge, her body locked rigid as a huge orgasm washed over her. She twitched every few seconds as it went on and on seemingly forever, her head tilted up, eyes rolled back, and mouth hanging open. In reality it was probably more like 60 seconds, which was still longer than most orgasms she used to get.

After coming down, she removed the toy, turned it off, and unceremoniously dropped it on the bed. She laid back panting and satisfied, at least for now. She picked up the toy again to take another look; it certainly wasn't one of her toys. Maybe it had been in the box and fallen out? No, she would have noticed that. Maybe in her lusty haze last night Jake had introduced it to

her and she forgot. Yes, that must have been it. Her mind had been hazy a lot lately, and she had trouble thinking straight and remembering things.

She looked at the 'wish paper' again. Something was different... "Hey, where'd it go?" She realized her wish for the dildo had vanished. "That's weird." she thought and stared blankly at the paper. Thinking about this was difficult, she couldn't focus, her body was constantly aching for pleasure and her mind carving it, like a drug. "I wish I could just... think..." she mumbled to herself. She scribbled on the paper:

"I wish I could think clearly just for a minute!"

And then suddenly, she could! She stared at the paper. "This paper grants wishes..." she thought to herself. "Once the wish is granted, it disappears from the paper... There's a wish on the paper still, so it hasn't been granted yet? It's wishing for my tits to grow until Friday. Well it's not Friday yet. Jake wrote that, it's Jake's wish not mine. Wait, do I want that? Did Jake make more wishes about me?"

And suddenly everything was hazy again, a minute was up, and her wish vanished from the paper. She stared for a moment and smiled, "yes I do want that," she said to herself. "But I want it right now," and she started crossing out words from the last wish so it read:

"I wish Ruby's tits would grow ~~slowly~~ until they rest on her lap ~~on Friday~~. She would think it's normal, and love the growth."

She smiled to herself as she finished crossing off the last part.

"Oh!" Ruby was caught off-guard as her tits suddenly increased their growth speed dramatically. Putting down the paper and pen, she sat back and cupped both tits in her hands. They were expanding smoothly, slowly overfilling her fingers, spreading them farther and farther apart as they grew. "Mmmm..." she hummed to herself, and closed her eyes enjoying the sensation.

She was getting turned on again. Well, she was already turned on, she was always horny, but this was something more. Opening her eyes, she

marveled as they continued to swell, becoming too much for her hands to hold. She let them go, and they slapped onto her ribcage. She used both hands and hefted one nipple up to her mouth, and began to suck. Electric shocks of pleasure were sent down to her pussy. She shuddered involuntarily as the pleasure was so intense, but not enough to bring her to orgasm.

As soon as her other tit touched her lap, the growth suddenly stopped, and the escalating pleasure slowly ebbed away.

She let the nipple slip from her mouth, the tit flopping onto her lap next to the other one. "Oh god! That felt so good. Mmmm..." and she began caressing her new gargantuan assets. "I have to get a better look at these." Ruby stood up and stumbled, unaccustomed to the new weight, but made her way to the mirror. Looking back at her was the same Ruby she saw before, except now her perfect teardrop shaped tits were much bigger, hanging just below her belly button. The nipples puffy and erect, waiting for attention. They were as long as her thumb, and twice as the diameter. She turned her back to the mirror and looked over her shoulder, her tits were so big you could easily see them from behind as they stuck out wider than her shoulders. Each breast was probably twice the size of her head, maybe bigger. She hugged her enormous boobs, and had a huge smile on her face. She reached down and teased her nipples, she grabbed one in each hand, gently squeezed them, and was rewarded with a surge of pleasure. "Ooh!" she giggled.

"Oh this is the best! Jake really knows how to make a girl feel good!" Speaking of Jake, he was so good to her, he gave her these beautiful, sexy tits, and who knows what else. She loved being fucked by him, when he made her cum, and most importantly making him cum. She felt so good, she wanted to do the same for him: make him feel as good as he made her feel. She went back to the side table, and bent over to start writing on the paper, her tits swinging heavily.

Just then, Jake walked into the room, he was done showering. Jake was taller than Ruby, 6 foot 2 inches, strong, and athletic. He had short brown hair, brown eyes, and a distinctive nose. But most of all, he had an impressive 8 inch cock with large balls that hung heavily, the balls were too

large for his cock. He was wearing a robe, and his dick was already standing at full attention poking out the front. He looked over and saw Ruby's ass and pussy facing him directly, legs spread slightly. "She's waiting for me," he thought to himself.

He slipped off the robe, letting it fall to the floor. "I heard you enjoying yourself," he said as he walked over to her, "and I see you ARE ready for more." In one smooth motion he stepped up behind her, bending his legs to adjust for the height difference, put one hand on her hip and with the other hand guided the large head of his cock to her slick pussy, and slowly began pushing it in. She was so wet, it slipped between her folds with no resistance.

"Oh! Mmmm..." she cooed in response.

He put both hands on her hips, and slowly pulled her towards him while slowly thrusting towards her. Once he bottomed out, and his groin had reached her crotch, he held her there for a few seconds.

Ruby was breathing heavily, "Oh..." she breathed out as she closed her eyes tight with pleasure. She was almost done writing her wish. She put her head down on the table, eyes shut with pleasure, reaching one arm back to put her hand on Jake's ass to hold him there. This felt so good.

Slowly Jake began to pull his cock back until the head was still barely inside, then reversed and thrust deep into her again. He began to quicken the pace to be more steady, but not too quick. He wanted to enjoy this as much as he could, and he wanted her to enjoy it too.

Ruby lifted her head, and messily finished writing the wish with the hand still holding the pen. She dropped the pen, then grabbed the table with both hands firmly as she began to lose herself in the pleasure.

Jake was in a nice rhythm, and began slamming into her a little harder at the end of each thrust, his balls slapping against her thighs. He closed his eyes in enjoyment. He shifted his position as Ruby moved a little, and straightened out his legs to adjust. Soon he was thrusting in an upward angle, and using his toes to reach full dept. Wait, what? Why was Ruby

higher? He opened his eyes and looked down, Rubys ass looked huge!

“Ruby? What’s going on?” he asked alarmed as he slowed to a stop.

“..Wha... what?” she hazily responded as she realized he stopped. She had been lost in a haze of carnal lust and pleasure.

“Ruby!? What. Is. Happening!?”

Her head cleared momentarily, she stood up straight letting Jake’s dick slip from her pussy, and realized she was now a little taller than Jake. “I... I don’t know!” she cried. “Um... I don’t know I don’t know I don’t know,” she sounded a little hysterical. Thinking for a moment, “Um, maybe!”

Jake waited a moment, “‘Maybe’ what?”

Feeling more confident about her decision, Ruby turned around and grabbed the paper, showing it to Jake, “Maybe it was this,” and she pointed at the page where she had written:

“I wish I could make Jake feel as good as he makes me feel.”

“I want you to know how good you’ve made me feel,” she said smiling and reaching out to tenderly touch his cheek. She was feeling more assertive than she had before. While she had been sexually aggressive previously, now she felt more “in control.”

Ruby didn’t know it, but her wish was a big one. Jake had made many wishes she didn’t know about, and her wish was tapping into all the ones necessary to make this one come true.

Jake had a panicked expression on his face for a moment, but he smiled while his eyes lost focus, and took a few steps backwards. His thoughts were getting hazy, and a warm pleasant sensation was washing over his body and mind.

Ruby withdrew her hand and realized the height difference between her and Jake was increasing, she was continuing to get taller. In fact, it felt like the

whole world around her was getting smaller. She felt a surge of energy coursing through her; she was getting stronger. She looked at her body, and she could see muscle forming, but she continued to keep her feminine curves.

Meanwhile, Jake felt like the world around him was getting bigger; he was getting shorter and more petite. Other changes began to happen too: the hair on Jake's body thinned and vanished, his skin softened, smoothed, and got darker. Curves started growing on him: hips, thighs, waist; his hair turned black and grew down his back. Then his cock and balls began to shrink, smaller and smaller until they were gone and replaced by a smooth pussy with a small patch of hair above it. He had begun breathing heavily, and sat down on the bed. It was then his breasts began to grow. They grew and grew and grew, he was mesmerized by the sensation of their growth. Like a zombie, he reached up to caress them, sending waves of pleasure through his body. He explored these wonderful growing tits, softly rubbing and tweaking the nipples. With his fingers, he slowly ran circles around the nipples.

Ruby was enjoying the show while Jake was changing and exploring his new assets, though she was in shock at what was happening. Her own changes continued. She had stopped getting taller. Without being able to take her eyes off Jake, she reached down to rub her clit only to discover there was something else there. Surprised, she looked down past her massive cleavage and saw a small penis and balls just above her pussy. She stared at them wide-eyed as they continued to grow. When the cock was big enough, she gently grabbed it with her hand; she could feel it continue to grow and expand, getting longer and thicker. She used her other hand to gently cup the balls that were forming underneath. The sensation was pleasurable, and she closed her eyes as she rolled the balls gently in one hand, and began to stroke her new cock with the other. Her strokes got longer and longer as the growth continued, and the balls were becoming too much for her hand to hold.

Jake's tits were huge, almost filling his lap. And then as soon as they grew into his lap, they stopped growing, but he continued to caress them and play with the nipples. At the same time, Ruby's cock stopped growing, she slowed her stroking, and opened her eyes. She looked at Jake, his body

had become an exact copy of hers from just a few minutes before. Jake was now a sex machine too. She went to the mirror to look at herself. Ruby looked like the bigger identical twin sister of Jake's new body, but with an 8 inch dick and over-sized balls. She must have been 6 foot now, or maybe 6 foot 2 inches, the height Jake used to be. She looked strong, but not like a body builder.

She looked over at Jake, now 5 foot zero inches, what Ruby used to be. "Jake," she whispered. He didn't respond.

Jake was lost in the sensations of his new body. Caressing himself was providing him with an increasing level of arousal. It was like he was edging himself without any risk of going too far, there was no worry about going over the edge before being ready, it was just a continual heightening sensation. His mind was hazy, and he loved the feeling.

"Jake," Ruby said a little louder. Jake blinked and slowly turned his head until his eyes met Ruby, she was huge, towering over his new body as he sat on the bed. He looked at her from head to toe, and when he saw her cock, stiff and throbbing, all thoughts about the paper left him. The haze took over his mind, he couldn't think. Seeing that dick, a primal urge came over him. He had to feel it, to stroke it, to hold it, to have it. He quickly and silently went to Ruby and grabbed her new cock with both hands. At Jake's touch Ruby held her breath for a moment, then gasped. In Jake's new small hands, this 8 inch dick looked like a monster. He slowly moved his hands together up and down the length of the shaft. Ruby closed her eyes, taking in the feeling, it was incredible. Jake's petite hands felt so smooth as they glided over the length of her shaft. It was different than having her pussy and clit played with, or even her nipples and tits. Jake moved one of his hands to play with the giant balls, each one too big for his little hands to hold.

Ruby's arousal was elevating as Jake played with her new dick. She reached up and caressed her own tits, they felt the same as they did before she grew taller, but they were certainly bigger. As her body grew, everything else had grown in proportion. Jake's breasts were bigger than his head on his 5 foot body, but Ruby's tits? She was so much bigger than Jake now, they looked like they were half the size of Jake's whole body! She ran her

hands over them, and rubbed her nipples gently. She placed one hand carefully behind Jake's head, and slowly guided his head down to a nipple. Even though Jake was so much shorter, Ruby's tits were so big the nipples still hung lower than Jake's mouth. With her other hand, she gently shifted a tit to place the nipple in his mouth. He eagerly began to lick and suck on the nipple which looked huge in his mouth, it practically filled his mouth completely. She hadn't realized how big the nipple was until she could see it from this different angle next to someone so small.

She reached down with her other hand, and began playing with one of Jake's nipples. He whimpered in response, adding additional sensations to the nipple he was sucking. This was too much for Ruby, and her arousal reached a breaking point. With her new strength, she deftly pushed Jake back onto the bed, catching him off-guard.

"Uh! What?" he grunted in surprise, Jake not only looked like Ruby, but he sounded like Ruby too, his voice soft, sweet, and husky in his aroused state. He landed on his back, his butt at the edge of the bed. His heavy tits rolling off the side of his rib cage and settling on the bed, but still covering him, they were so massive. Just like Jake had done to her earlier, in one motion Ruby stepped up to Jake, grabbed his legs by the ankles lifting them straight up, spread them wide in a V shape, and placed the head of her fat cock at the entrance to his pussy. At the touch, Jake closed his eyes and exhaled, "Oh..." Jake's pussy was sopping wet, he was so horny. On top of that, Ruby was so aroused her cock was leaking precum like a faucet. With one hand, she rubbed the head around Jake's pussy, mixing the precum and his juices together. Jake whimpered in anticipation. Then Ruby centered her dick, put her hands on Jake's thighs, and slowly pushed forward. When the head popped in, Jake gasped. His eyes popped open, and his mouth opened as if he was screaming in pleasure, but no noise came out. He reached forward and grabbed Ruby's powerful, firm wrists. Ruby's tits were so massive they hung down prevented Ruby from bring Jake all the way up to her body. She used one hand to lift each breast over Jakes legs, resting them on Jake's tits as well, the nipples making slight contact. Then, she slowly pushed her dick all the way in, balls resting on Jake's round feminine ass.

"Oh!" cried Jake in pleasure, Jake's legs still stretched out to the sides in a

V-shape, now quivering. Ruby slowly pulled her cock back until just the head was inside.

“My!” Jake began squirming and readjusting his grip on Ruby’s wrists as if trying to go somewhere. Ruby swiftly plunged her dick all the way back into Jake’s pussy, balls deep.

“Godddddddddd!” Jake screamed from his throat through clenched teeth, eyes shut hard. Throwing his head back, arms flailed about above his head trying to grab onto something, eventually grabbing the sheets and twisting them around his fists. Jake was cumming, his first orgasm with his new female, sex machine body. Ruby could feel Jake’s pussy go into overdrive and begin milking her cock. She instinctually knew there was no more point in taking it slow. She began to thrust her dick in and out, picking up the pace. Slamming into Jake’s cunt again and again and again, balls slapping against Jake’s ass with each powerful thrust.

“Uh!... uh!... uh!...” moaned Jake with each thrust from Ruby. “I’m cum... I’m cum... I’m cum...” Jake couldn’t say anything, each stroke was overwhelming his senses completely as he continued to ride the orgasm. Ruby was thrusting uncontrollably now, her mind was no longer in control, her body had taken over. She had never felt so horny, so aroused, pure lust was driving her motions. Jake was making the unmistakable O-face as Ruby continued to pound away.

Jake released his death-grip from the sheets, and his hands searched for something else. Jake’s eyes opened momentarily, and looked at this massive woman fucking him senseless. Both his hands reached forward and grabbed hold of one of Ruby’s massive tits, trying pulling it towards him but couldn’t due to its size. Ruby leaned forward and used one of her hands to help push her mammoth tit, Jake was able to bring the it to his face, plopping the nipple in his open mouth where he began to lick, suck, and nibble with fervor. His hands caressing the giant tit, massaging and squeezing, and eventually ending in a full embrace holding the boob close.

This was enough to put Ruby over the edge too. With a final mighty push, she thrust into Jake as hard as she could, holding his hips, pulling him tight against her crotch, and yelled, “Ahhhhhhhhh!!!!” Ruby’s cock pulsed and

pumped load after load after load of thick gooey cum into Jake's pussy. Jake experienced another orgasm as Ruby was cumming, or maybe it was multiple orgasms. Had he even come down from the first orgasm? He didn't know, he was experiencing pure bliss. With Jake pulled so tight against Ruby, the seal was strong and the cum couldn't escape. With each pulse from her cock, Ruby continued to give small thrusts against Jake without breaking the seal. Eventually, after what seemed like a gallon of cum, Ruby stopped. She could feel Jake's pussy still pulsating from an orgasm, but it soon slowed down and stopped.

Jake laid there panting, with Ruby's nipple resting in his mouth, he continued to absentmindedly suck and lick it, his arms wrapped around the huge tit. Ruby stood there, hunched over, holding herself up on the bed, chest heaving as she breathed heavily. Without saying anything, Ruby pulled out of Jake with a POP, and cum came pouring out of his pussy running down Jake's ass and the side of the bed.

Ruby looked between her tits and down at the mess and smiled. She looked back up at Jake to say something, only to see he was asleep, he had passed out from the pleasure. But even in his sleep he was holding her huge tit and sucking the giant nipple. Ruby carefully pulled Jake's arms from around her tit, lifted herself up, pulling her nipple out of his mouth. Jake's mouth continued to suck a non-existent nipple, so Ruby lifted up one of Jake's tits, bringing his own nipple to his mouth, which he eagerly continued suckling, and brought his arms up around his tits to hold them in place.

She sat back content, if only for a moment. She was staring at Jake, and admiring his body. The body she used to have. A smaller version of the body she had now. Her mind was still clouded and she could feel her loins beginning to stir, especially when she looked at Jake. Her 8-inch dick was still standing up tall and firm. This is what she wanted from her wish, she was making Jake feel as good as he made her feel. He deserved to have the best, to always feel this good for being so good to her.

But she still thought of him as 'Jake,' he can't be 'Jake' and feel as good as she had felt. Jake should be Ruby to really know how good he had made her feel. And if she was going to be fucking the new 'Ruby,' she should be

‘Jake.’ Ruby went to the paper and wrote:

“I wish my name was now Ja-“

She paused. She can’t be ‘Jake’, that’s a man’s name, and she was a woman. A woman with an 8-inch dick and huge balls! She thought for a moment, then had a solution. She finished writing:

“I wish my name was now Jade.”

The words vanished from the paper. Then she wrote:

“I wish Jake is now named Ruby.”

The words vanished from the paper.
