

## Succubusted

*Contains breast and butt expansion*

The bedroom was dark and silent save for the sounds of Jason's girlfriend, Kim, sleeping next to him. She appeared so small and innocent in her slumber. It was difficult to imagine how she could be such a ball of energy during the day. Considering her love for outdoor activities and overzealous aptitude for practicing magic, Jason was left feeling perplexed as to how he had such trouble falling asleep after keeping up with her.

"Maybe I should learn a little magic..." he sighed into the darkness. "Just enough to get a few sleeping spells under my belt. Then I wouldn't be stuck staring at the ceiling every night."

It wouldn't be his first time dipping a toe into the magical arts. After the last ordeal, however, he all but swore to never attempt them again. Accidentally summoning a sex-crazed succubus wasn't exactly what he called fun. It was only through a back-alley talisman that Jason managed to banish the demon.

"On second thought, maybe just some sleeping pills," he decided.

"Mmngh..."

Kim groaned and shuffled in her sleep. Rolling onto her back, the covers fell away to reveal the dainty lace nighty she wore over an otherwise naked body. Soft C-cups glowed in the moonlight.

"M-Mmngh! Ngh..."

Kim squirmed once more with increasingly heavy breaths. With each of her inhales, Jason could glimpse her nipples daring each other to slip free into the open. It was a mesmerizing sight to behold, though not conducive to finding rest. The valley of Kim's pale cleavage called to him more than his pillow ever could. A simple brush of his finger might rouse her and lead to late-night lovemaking.

"Having trouble falling asleep...?"

Jason's heart skipped a beat when he was caught in the act of ogling her sleeping form. Kim wouldn't blame him for such a thing, but it was still embarrassing.

"I-I was just--"

Jason turned his attention to Kim's eyes. They stared back with a dull red glow. It was only now he realized her voice was not her own.

"Oh no."

"Mmmmm what's the matter?" Kim breathed. One of her hands played with the top of her nighty to pull it over a breast. "I don't mind if you stare."

"It's you," Jason shivered. He would recognize her voice anywhere. This wasn't Kim in front of him, but her body possessed by a succubus he'd hoped would remain in the past. "I thought I banished you."

Kim rolled to face Jason and pushed her breasts together. *“Oh that cute little talisman? You thought that could hold me back? Don’t make me laugh... You would have been better off tying me up... We both would have been better off, actually.”*

Jason couldn’t let this go on. Succubi were dangerous and unpredictable. If they managed to possess their target, their body became a puppet to the demon’s every whim. Kim was in more danger with every passing moment.

*“Get out of Kim before I--Ngh!”*

The succubus was fast. Jumping up, she straddled Jason and pinned him under Kim’s weight. She stared down with glowing eyes of lust.

*FWOOSH!!*

*FWOOSH!!*

*SHWIP!!*

Two leathery wings unfurled from Kim’s back to filter the moonlight into a red haze. Lashing back and forth was a tail curling from under her nighty. Jason could see it lifting the garment over her butt as it twitched with excitement.

“Or you’ll what?” Kim growled. “Banish me again with some cheap trinket? I don’t think so...”

She licked her lips and pressed Kim’s crotch against Jason’s shaft. He cursed himself for sleeping naked and was ashamed to admit he was hard as a rock even before her slippery lips caressed it.

“I’ve been dying to get my hands on you since we last met...” the succubus whispered while grinding back and forth. A shoulder strap slipped down her arm, exposing one of Kim’s breasts. “How about a little compromise? *I’ll leave your cute little Kimmy when you can fuck me out of her.*”

Jason did not like this proposal. With Kim not in control, using her body in such a way didn’t feel right. However, he was powerless against the succubus with so little experience in magic and the longer she remained in Kim’s body, the more her influence would grow.

*“I don’t I like--”*

*“Mmmmm time’s up. Let’s get started, shall we?”*

*“W-Wait! I said I--”*

*SSTTRRRRTTCH*

Jason’s eyes widened. Against the moonlight, he watched as Kim’s curves plumped and filled. Flesh blossomed within her bust and hips at the succubus’ command.

*“Mmmngh!!! Ooohhhh she’s swelling quite nicely, wouldn’t you agree?”*

*SSTTRRRRTTCH*

The sound of developing flesh filled the room at Kim’s transformation. Grinding and gyrating through the entire process, the succubus poured her power into the girl. Cleavage fluffed

and tightened until the nighty's front pulled taut. Stress lines shot left and right to signal the rising of her mammaries toward her collarbones.

Below, Jason could feel her thighs thickening around his hips. Originally small and petite, Kim's ass filled outward as if fueled by a hose. Flesh pushed against his thighs and crotch until his pelvis was imprisoned in a tomb of soft curves.

It took only seconds before her nighty was filled to the brim with a generous hourglass figure which surely doubled her original body weight. Feeling crushed by her hips and ogling the watermelon-sized breasts distending off her tiny frame, Jason could only gulp.

*"How about now...?"* the succubus cooed, breathing deep to test the limits of Kim's straining nighty. *"Her little body is made for jiggling and squeezing! Better hurry and decide before I start making some OTHER changes... You wouldn't want little Kimmy waking up with a--"*

Fury boiled within Jason. The sooner the succubus was gone, the better. In a flash of determination, he groped Kim's swollen ass and pressed her hips into his crotch. It would take only a simple maneuver to enter her body given her gushing wetness.

*"Ahh!!! Oh yes!!! There's the excitement I was looking for!!"* Kim yelled as his head pressed against her pussy. She gasped when Jason penetrated her fully. *"Augh!! Mmmngh..."* The succubus' eyes flashed. *"Shall we let the real game begin, then?"*

***SSSTTRRRRTCH!!!***

Upon accepting Jason's cock, the succubus began riding up and down. A combination of fear and arousal filled him when he noticed Kim's breasts inching larger with her motions. Such a thing was not good for his mental fortitude.

*"Wait! Are you making her even bigger?! Stop!! Stop before you make them--"*

*"MMNGH!!!"*

***SHHRIIIIP!!!!!!***

*"Ahhh!!"*

Kim's nighty burst at the seams to fall useless on the bed around them. Without any support, her breasts toppled onto Jason as massive fleshy globes jiggling with continuous growth.

*"Whoopsie,"* the succubus giggled. *"Too big for that little thing!"*

Jason's breath came fast and deep. He couldn't process the massive feminine form straddling his hips.

*"What's the matter? Too much for you already? You know if you come before I do, I'm never going to leave her body..."*

Kim leaned forward and engulfed Jason in her breasts. The sensation of her skin shifting and jumping against him as she grew was almost more than he could take when combined with her hips sliding up and down his shaft.

*"I'm a succubus, Jason... T-That means I know aaaaaalllll your sexual desires. Even I'm surprised how big...mmngh...you like imagining little Kimmy swelling up to!"*

The succubus' words came out labored and peppered with gasps. Despite her confidence, enduring Kim's transformation was putting significant sexual strain on her mind as well. Jason could feel the familiar sensation of Kim's loins aching for release.

*"You want to know the best part...?"* Kim whispered as cleavage squeezed Jason's face. *"Little Kimmy is watching this entire event. She's trapped in her own body, watching us go at it! Better put on a good show for her. And don't worry; she can feel every bit of it. Something tells me she's loving this new body of hers..."*

*"Get out of her!"* Jason doubled down on his grip of her butt.

*BWOOMPH*

*BWOOMPH*

*BWOOMPH*

Jason began thrusting wildly while keeping Kim's hips steady. Her thickened frame wouldn't soon leave his fingers as they sank into her flesh, and given the monumental weight of her bust, the succubus wouldn't be able to flee either. All he had to do was push her over the edge.

*"A-Ahh!! Ooooh!!! You're so...vigorous!!!"* Kim cried out.

*SSSTTRRRRTCH!!!*

Kim's breasts billowed in all directions according to Jason's tastes. Every thrust sent them jostling and heaving on top of him. It wasn't long until his upper body was buried beneath her as the succubus reared back in ecstasy.

*"Mmmngh!!! S-She's... She's losing her mind...! Can you feel her gushing with pleasure?? As I...engorge her tits?? Can you feel her skin stretching and pulling? As her hips jiggle and press into yours??"*

Jason had to close himself off to the succubus' words. He couldn't let his arousal get the better of him. The only thing that mattered at this moment was satisfying the succubus.

*CCRREEEAAAAAK*

*"Uh oh...! I think little Kimmy might be getting too big for your bed!"*

Fluid gushed from between Kim's thighs. The heat within her body seared with passion.

*"That cock of yours feels ready to pop! I'm not sure it's...n-nngh!!...up to the task...!"* The straining succubus buried her hands in Kim's chest. *"T-There's...a lot of girl to satisfy here! And she's still growing..."*

*SSSTTRRRRTCH!!!!*

*"Aaugh!!! I don't think...she can stretch much more!! Those poor little C-cups have already blown s-so...big!"*

Jason didn't respond. Every ounce of his mental capacity went towards stimulating Kim's body. With his arms pinned under her chest and his head engulfed in fleshy darkness, he had no choice but to leave the task to his manhood.

*"I... I-I can feel... Kimmy... Oooohhhh..."* The succubus faltered. Her words became inane and incoherent. *"M-M-Mmmngh... Mmmmngh..."*

The teasing turned to lip-quivering whimpers. Kim's tortured pussy squeezed around Jason's cock, pushing his self-control to the edge. Everything within him begged for release as Kim's enhanced body bounced up and down.

*"S...S-Stop..."* the succubus moaned. *"I can't... Oh, Lucifer, I can't...take much more of this!! Why must you desire she be so big??"*

Kim's chest heaved and tightened. It pushed to the edges of the mattress with a frame-creaking weight. One way or another, something was going to give.

*"Ah!! Mmmngh!!! T-They're so... Sensitive at this size!! Her chest feels like it's on fire!!"*

The succubus writhed and squirmed. Between her legs, pleasure was building into an eruption. Jason knew the sensation and quivers of his girlfriend's body well; an orgasm was within reach.

*"S-She can't take anymore!!"* the succubus screamed. *"I can feel her mind...screaming at the edge of sanity!! This body... I-It's...driving her mad with pleasure!!!"* She groped at Kim's mammarys as the source of her building orgasm.

*CCRREEEEAAAAAAK!!!!*

Kim's legs clamped around Jason's hips. It was coming. Flexing his pelvis, he thickened his cock within her aching crotch.

*"Augh!!! S-S-Stop!!! Please, stop!!! I can't take it!!! They're...too big!!!"* The succubus whimpered under a mountain of sensitivity and arousal. Despite her control, Jason could feel Kim's presence urging him to finish the deed. Watching the succubus' wings and tail go limp, he clawed at her plump butt cheeks and plunged himself as deep as he could bear.

*CCRREEEEAAAAAAK!!!*

*"NNGGHHHAAAAAHHH!!!! I CAN'T TAKE IT!!!!"*

*CRASH!!!!*

The bottom of the bed blew out from Kim's quivering weight when their bodies tensed and convulsed. It was all Jason could do to stay conscious as he pumped what he was certain to be a record-sized load into his girlfriend's trembling figure. He wouldn't be surprised to find her lower stomach bulging slightly from the new contents. Soon his release stopped and their breathing slowed. Two bean bag-sized breasts came to rest amidst the rubble of their bed.

*"J...J-Jason...?"*

Then came a familiar voice. It was soft and sweet, impossible to belong to a sex demon.

*"Kim?? Kim, are you alright?!"* he called out from under her chest. *"A succubus!! S-She possessed you! She said she would only leave if I fucked her out of your--"*

*"I-I-I know! I was...mmmngh...there the whole time..."* Kim gasped for air as she laid across her massive breasts. *"She's gone... She shot out of me like a rocket... Thank you..."*

The two sat together for a moment while trying to catch their breath. It's not often you get to rescue your girlfriend from the clutches of a horny succubus.

“Jason...?” Kim whispered, embarrassed.

“Hmm? What’s wrong??”

“C-Could you let go of my butt?”
